Audit of Community, Sports & Arts Facilities in County Galway

Introduction

In June 2008, the Department of the Environment, Heritage & Local Government requested Local Authorities to undertake an audit of Community, Sports & Arts Facilities in their jurisdiction through the County/City Development Boards. The Community, Enterprise and Economic Development Unit of Galway County Council took responsibility for carrying out the audit.

Purpose

The main purpose of the audit was to

- Establish the current level of facilities in County Galway
- Inform future investment in facilities based on the outcome of the audit and have regard to identified local needs.

Results

The final number of facilities identified was 332. Of these 209 (63%) were primarily Sports facilities, 116 (35%) were primarily Community facilities and 7 (2%) were primarily Arts facilities. It was found that a number of facilities had a dual function i.e. a sports facility could also cater for community meetings.

It was generally found that there was a good distribution of facilities between Rural and Urban areas with more facilities based in the more populated centres of the Connemara electoral area.

Accessing the Results

We would invite the public to check to make sure their facility has been captured. If their facility is not listed, you can phone 091 476512 to notify us of this. The results of the audit can be viewed as follows:

1. This document contains a list of the identified facilities. The list of facilities is divided into Community, Sports and Arts and then further divided by electoral area. A map of County Galway showing where the facilities are located is in the centre of this document. You can use the reference number of the facility on the map to look up the name and address of the facility in the document. Please note that as some of the facilities are very near each other it is not possible to see all the reference numbers on the map.
2. A full list of the facilities and a pdf version of this document can be viewed on the Councils website at the following location: www.galway.ie/en/Services/CommunityEnterpriseEconomicDevelopment/. Please note that due to data protection legislation no personal details of contacts can be displayed.
3. The facilities have been mapped on Google Earth and this is available to view on the Councils website at the following location: www.galway.ie/en/Services/GeographicalInformation/GoogleEarth/. Click on the Community, Sports and Arts Facilities link. To view this link you must have Google Earth downloaded to your PC. This can be done on <http://earth.google.com>.
4. The facilities can also be seen on the Councils own mapping system on the website at the following location: www.galway.ie/en/Services/GeographicalInformation/. Click on County Public Mapping system.

If you find that your facility is not listed in the document you can call Valerie on 091 476512 or e mail vkavanagh@galwaycoco.ie to inform us of this.
