Restoration Improvement (RI)

The selection of projects for the road improvement works is made based on overall needs and priorities. Consideration is also given to the level of usage, category of vehicles served and the extent of deterioration in the road. In accordance with RW11/2021, the Multi-Annual Restoration Improvement Programme 2022 – 2024 was submitted to the Department of Transport in October 2021. The works that will progress in 2022 will be in line with the prioritized list of projects that has already been submitted to the Department.

The total Restoration Improvement grant for 2022 amounts to € 19,357,000 which is an increase of €1,510,000 or 8.5% on the grant allocation of € 17,847,000 in 2021.

The distribution of the Restoration Improvement Grant is set out in the following table:

RESTORATION IMPROVEMENT (RI) GRANT

Restoration Maintenance (RM)

Two separate allocations have been provided for the Restoration Maintenance programme, totaling €5,333,000 which is an increase of € 213,500 or 4% on the 2021 allocation. Both the Restoration Maintenance (RM) and the Supplementary Restoration Maintenance (SRM) grants may only be used for Surface Dressing Works.

In accordance with the Circular RLR 2/2012, maximum unit rates of €5.50/m² for Regional Roads and €4.50/m² for Local Roads have been applied by the Department of Transport to the area of work proposed for surface dressing. Failure to comply with these rates may result in the 'cost difference' being reallocated to others by DOT.

Regional Roads and Local Roads General Maintenance

The allocation for Regional Roads General Maintenance for 2022 is set at € 1,739,920 which is an increase of € 58,190 on the amount allocated in 2021. The Local Roads General Maintenance allocation has also been increased by € 68,310 to € 2,042,550. The increase in the Regional & Local Road Maintenance provision is as a result discontinuing the Footpath works provision that was introduced in 2021 under the Discretionary Grant. This has been discontinued as funding has been granted for footpath works under the [Active Travel Scheme](#) from the National Transport Authority (NTA).

Breakdown for DG-Regional Road General Maintenance and Local Road General Maintenance per Municipal District is set out in the table below.

Regional & Local Road – Discretionary Grant

Bridges (Repairs)

There is a specific grant allocated for Bridge Rehabilitation of €630,000, toward 12 specified bridges. It is proposed to allocate an additional amount of € 395,000 from the Discretionary Grant towards the repair of bridges on Regional and Local Roads as detailed under [Bridge Rehabilitation & Repairs](#). The overall allocation toward repairs of Non-National Road Bridges for 2022 is € 1,025,000.

Winter Maintenance

The Discretionary Grant allocation includes an allocation towards Winter Maintenance works. It is proposed to allocate € 265,000 towards Winter Maintenance on Non-National Roads in 2022, which was also the amount allocated in each of the years 2015-2021.

Clár Bóithre / Roads Programme 2022

Tertiary Roads

It is recommended that there should be ongoing investment from the Discretionary Grant specifically to the Local Tertiary Roads which have inhabited houses on them, as has been the case since 2015. The allocation will be divided across the Municipal Districts based on the normal division per KM of road length.

Based on the above, it is proposed to allocate 16% of the Discretionary Grant i.e. **€ 900,000** for the repair of Tertiary Roads in the County. It is allocated on a per KM of local roads basis, per Municipal District, which in addition to the increase in Restoration Maintenance funding, will allow for increased lengths of roads to be repaired. The schedule of Tertiary Roads to be repaired is detailed in [Summary by Municipal District](#).

DISCRETIONARY GRANT (DG) - TERTIARY ROADS		
Municipal District	Length of Road KM	2022 Allocation
Athenry / Oranmore	144.69	€ 76,860
Ballinasloe	368.03	€ 195,498
Conamara	506.51	€ 269,059
Loughrea	459.54	€ 244,109
Tuam	215.50	€ 114,474
	Total	€ 900,000

Contingency Fund

The Department of Transport has advised that a contingency provision should be reserved to deal with damage caused by severe weather conditions, including flooding. The DOT has highlighted that it is not setting aside contingency monies to address possible severe weather events. Similar to previous years, it is proposed to set aside an allocation of **€240,000** of the Discretionary Grant for such emergencies in 2022. This allocation is deemed necessary due to unpredictable weather events and the increasing occurrence of storm events in recent years.

Pavement Condition Survey Index (PCSI)

There is a requirement to record the condition rating of roads pre and post works i.e. all roads must have a condition rating attached for the purposes of identifying those that require funding for improvement and maintenance works.

A specific allocation to conduct visual surveys on the condition of non-national roads in the amount of €52,000 has been allocated. It is proposed to set aside a further € 45,000 from the Discretionary Grant for same, giving a total budget for 2022 for PCSI survey of **€ 97,000**.

Clár Bóithre / Roads Programme 2022

Management of Invasive Species

Galway County Council has an advisory and recording responsibility in relation to invasive species identified in the County. It is intended to allocate **€20,000** towards the recording and management of invasive species on Regional and Local Roads.

Bridge Rehabilitation & Repairs

The total allocation on Non-National Road Bridges is **€ 1,025,000**. The allocation is part funded by a direct grant of **€630,000** for bridges specifically listed as part of the Department of Transport allocation for Non-National Roads and by the apportionment of **€395,000** from the Non-National Roads Discretionary Grant from DOT.

The bridge programme is based on need for repair and is not proportionate to Municipal Districts.
