 place for the erection of the Clock

Galbally February 28th 1847
 Gentlemen - I have long been desirous
 of seeing restored to the town of Ballinasloe
 the advantage it once enjoyed of a Town Clock
 Of this it was several years ago deprived
 when at the pulling down of the old Church
 tower, the three dialed Clock, which had been
 placed in it by the late Lord Clonmearcy was
 too much damaged to be of any further
 service, During the period that has since
 elapsed our townsmen of every class, the
 public of the surrounding District, and the
 frequenters to our Markets and Great Fairs
 have. I am aware felt much the want of
 a suitable town clock. That want I
 propose to supply and am happy to do
 so at a time, that may render the gift
 to the town Commemorative of the happy
 event of my eldest Son's marriage, that
 called forth on the part of the inhabitants
 of Ballinasloe of every class and every
 Creed as well as on the part of my tenants
 a spontaneous and most generous expression
 of sympathy that my family can never
 forget.

At your disposal therefore Gentlemen
 as a Corporate Body entrusted with the
 interests

96
interests of Ballinasloe, I place my
gift to the town of a Clock that I hope
may greatly conduce, to the Convenience
of the growing Commercial Community
you represent, and leave it to your
judgment to select the building in
which it should be placed, that would
be best Calculated to meet the Public
Convenience

I have the honor to be, Gentlemen
your Obedt & faithful servant
(signed) Cloncaugh
