Dyde park Gardens. W  
August 10<sup>th</sup> 1868.

Mr Harpur.

I have to thank you for your note and information concerning a Watering Cart. I am sorry there are none manufactured in Ireland, as I should have preferred getting it there if there had been. I want to have the pleasure of giving a Watering Cart to the town of Ballmasloe, where I believe the present hot weather has caused the absence of such an excellent sanitary institution to be much felt. Will you please therefore - if one has not already been provided for the town - order the one you wrote to me about to be delivered to you at Ballmasloe, and send me a note of its cost, delivered there with driver's seat but without pump, which I imagine would be superfluous, as I suppose there are plenty standing in and about the town) and I will then send you a Cheque for the amount. Perhaps you will be good enough then, to request the acceptance of it by the Town Commissioners for the use of the town, from me, and oblige yours in haste. (Signed) W. Selver Trench.

I would suggest, that if there is any subscription about towards providing one, it might well be expended on the purchase of Pump, here &c
