Almoner's Letter No 14975 Dated 2nd July 1859
Referring to report of visiting committee as to some defects in Dietary of Workhouse inmates - strongly recommending said report to the favourable consideration of the Board of Guardians &c &c

The following report was read from Medical Officer of Workhouse - My attention has been called to the attention in the Dietary recommended by the visiting committee - that meat should be ~~not~~ added to the soup on certain days in the week for the lamper's generally. Such as sheep heads, pig heads and other coarse parts. It would render the soup more nutritive and would diminish in some degree the numbers on the Hospital Books, at present there are six persons on the Hospital Books, I would recommend them to enjoy a better Dietary than the House affords, one aged and infirm. at the same time I would recommend that the aged and infirm do receive white bread and milk for breakfast in lieu of starch and white bread and meat soup three or four days in the week for dinner and white bread and milk the remaining days. on the whole it would be advisable to allow meat in the soup for the lamper's in the House, after the House generally on three or four days in the week - after the 35 cases at present in Hospital 31 come from the House sick and went direct to the Hospital.

I would also recommend the mill for classes 4-5 & 6 for supper, as suggested in Poor Law Commissioners letter of 4th June.

I proposed making this report last week but there was no meeting.

Signed W. H. Suffield
M. Officer

Should that the Clerk fall on the contractor to supply sheep heads and other coarse meat at the usual prices of such for one month should the contractor decline to do so - the Board to purchase them in the market.
