Mr Chairman & Gentlemen

I beg most respectfully to direct the attention of the Board to an imputed gross neglect of duty on the part of the Relieving officer for Cleggan and Letterpark in two cases of destitution and sickness that were brought under his notice within the last few weeks -

I refer to the case of Thomas [name] deceased and that of Myler King Cleggan man regarding the former I beg to state that the wife of deceased called upon the Relieving officer on Monday the 24th of March to visit her sick husband, who I am credibly informed was then in great distress - that he did not visit him until the day following and even when he did visit, that he neither relieved him nor did he

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was 2

Do. do. disallowed 7

The number of applicants admitted to the Workhouse was 9

The number of cases of provisional Out-door relief was 2

Do. do. in which relief was continued by the Guardians 9

The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was 0

The number of applicants for whom relief was not ordered 5

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

offer any mode of conveyance to have him removed to Hospital - may more this reported that he admitted deceased to be so sick weak that he could not be safely removed and still refused to give him any nourishment whatsoever saying he had no power to do so until he would first represent the case to the Board. I have heard with regret that on being pressed for some relief for the sick man he remarked that he was so weak that it was useless to give him anything -

Regarding the case of Myler King I beg to state that when his wife called upon the Relieving officer the latter abused her and said to her rather roughly that she only wanted money, that he first refused to visit and on her saying that she was directed to call on him, he replied that no person knew his duty better than himself. He visited however on the same day but took no steps to ascertain whether the sick man could be removed to Hospital and did not give any temporary relief until he would ascertain it - This reported the man was then in distress. I beg to state furthermore that he refused to do anything until he would represent the matter to the Board and the Board are aware of what occurred in the Board Room relative to the same case at their last meeting. I beg to state in conclusion that ^{as a consequence of the} want of confidence in the Relieving officer on the part of the poor owing to these reports - I would consider it advisable to institute an inquiry on the matter - I remain &c

Gentlemen

In submitting this weeks report to your consideration I have nothing further to add at present to my former report, as to the sanitary state of the Inhabitants of Inisboppin

It has been customary here I have been informed to pile up large heaps of manure and impurities of almost every description for years without removal, these if allowed to remain must be a fruitful source of disease particularly during the heat of summer. I have caused the R. Officer to notice the owner of each Horse to remove all such impurities by Saturday next and have arranged with the constable in charge of the Constabulary Station at

at present on the Island to stop one stone of meal per week from each Householder who may refuse to clean his house and yard properly.

Five children have been attacked with croup since the date of my last report one has died and four are now convalescent one other death has occurred during the week that of a man aged 60 from a most violent attack of Dysentery -
