Resolved That the Board regret to see that the Commissioners express their wish to have a Doctor appointed to the Island of Inishboffin and shank - The Board beg to bring under the notice of the Commrs the conditions upon which a Doctor was appointed pro tem to the Island of Doffin pending the extreme distress and sickness then existing - The minute appointing him was as follows - The minute of the 30th April in which Dr Suppied engaged to assume the duties of the Island, at the expiration of the three months - the minute is in the Dr handwriting - The Board beg also to bring under the Commrs notice that there is no more necessity now for a medical man in Doffin than for years past, while the rate this year in the Clifden Electorale division are no less than 6/- in the £ and the Board feel that even this sum will not be sufficient to meet the current expenses, consequently the appointment of another medical man in this district would be ruinous to it. But if the Commrs will suggest any means by which their views can be carried out without any increase to the present very high rating for medical charities in the Clifden Div this Board will feel pleasure in giving every consideration to the wishes of the Commissioners

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon as follows:

men on his case and on consultation all agreed that he was incurable, on being discharged from the Hospital. He was sent to the infirm ward was put on infirm diet, received every care and attention and was supplied with dressings for his sores - I make it a rule to visit the infirm wards at least four times a week frequently aptener and then give directions to supply the inmates with what is necessary, Lynch never made any complaints to me save on one occasion a few days ago, when he said he was short of cloths. The master was present and I directed him to supply Lynch at once. I believe there was some little delay awaiting the condemnation, a cold sheet, &c by the Board. Lynch is only about seven months in the infirm ward during which time I have often seen his sores of course not as frequently as when an Hospital patient. He not being under medical treatment and being considered incurable. I court the fullest inquiry into this matter. I can prove by every officer in the House that no case was ever received more care & consideration I believe the present complaint has arisen from my depriving Lynch of half a pound of bread which he received, as a daily extra allowance for services as Barber at the Workhouse. And so by order of the Board as they disapproved of the allowance -
