combined with the unprecedented severity of the weather is the only excuse we can make for the non attendance of the Board and this we trust will be considered sufficient

The following letter addressed to the Chairman of the Board was read

Sir

In consequence of their being no guardian absent to represent the Ratepayers of this Island at your meetings I deem it incumbent upon me respectfully to suggest to the Board the necessity of appointing some fit person to act in the capacity of Relieving officer here for the coming six months

This necessity arises from the fact that several families on the Island are already suffering from want of food, and that if "outdoor Relief" be not extended to them there is every likelihood that they will perish of hunger

Seeing the poverty and misery of many of the poor people here I have been endeavoring for weeks past to induce them to enter the Work House but all to no purpose they seem determined to die of sheer want in their own little huts rather than become inmates of it

Should the Board be pleased to accede to my request a young man at the name Stephen Savelle son of one of the most independent men of the Island would in my opinion be a suitable person for the office

I have the honor to

remain sir

McHeaile ..

The Minutes of last Meeting were read and Signed.

Notices of Marriage between the parties hereunder named having been received from the District Registrar by the Clerk, were duly read at the Board this day in accordance with the 15th section of the 7 & 8 Vic. c. 81.

The Workhouse Register was produced, examined, and authenticated from No. 3693 to No. 3715 both inclusive, by the signature of the Chairman, and countersignature of the Clerk.

The Out-door Relief Register was produced, examined, and authenticated from No. — to No. — inclusive, by the signature of the Chairman and countersignature of the Clerk.

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:

The Ledger was produced by the Clerk, posted up to the last day of Meeting, with the proper Debits and Credits, as ordered on that day.

The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had been received during the week

Paid during the week.

£ 193 : 4 : 2

£ 35 : 8 : 11

And that the Balance on the Account of the Guardians was, £ 470 : 9 : 0

The Book was signed by the Chairman.

The Weekly balance-sheets of the several Collectors were laid before the Board, their accuracy having been first ascertained and authenticated by the Clerk.

That as well under that act as under the subsequent Act (1st Vic c. 22) the Districts for Registration are formed upon the Poor Law boundaries and that the same should be used in Ireland the Unions being, Districts and the Dispensary Districts, Sub-Districts —

That as much as possible it is desirable to have public duties entrusted to officers whose election proceeds from votes, and is therefore a strong guarantee of their being suitable for responsible duty, and that as the duty of the Superintendent or District Registrar is only to receive District Returns and to Register them and be the organ of communication with the Registrar General the office should as under the English act be held by the principal poor law officer in each union namely the Clerk and that that class of officers is eminently suited for the duties by reason of their duties accustoming them to the accurate preparation of Returns and also of their fully possessing the confidence of their respective Boards.

That the persons to be in immediate connection with the population and to inquire into ascertain and Register the fact of each Birth and Death and the cause, of the latter should be the Dispensary Medical officers of each District whose Returns would come to the Workhouse Office monthly for Registration.

That although in England the expense of the Registrars making an entry of each

Birth or Death is charged upon the Poor Rates at the place in which such occurs & as the poor Rates in that Country are largely aided by grants for educational purposes and for Medical Relief, whilst no such aid is given to the Ratepayers in this country, the expense of carrying out this system should not be imposed upon the local taxation of Ireland which is already grievously oppressed by local burdens and is just now threatened with the pressure of severe distress.
