Save this Board - We beg to make an application through the Poor Law Commissioners to the Lord Lieutenant requesting that his Excellency will be pleased to direct that the fines and penalties, struck by the Magistrate in this Union together with the taxes paid for dog licences, be paid in for the relief of the Poor - and the Poor Law Commrs be requested to support the application - this Union being so deeply embarrassed. the fines levied for many years past would now be an invaluable relief to the Union Rate.

Read application from Schoolmistress
requesting leave of absence

Training School of Missions
of National Education in Dublin
Refused —

Extracts from report of
Inspector of National Schools
"The literary training of the
children is very fairly attended to.
The teacher is earnest and anxious
about her work, and the various classes,
in consequence, are in a pretty
satisfactory state. The penmanship
though improved since last visit, is
not yet what it might be. nor what
I hope to see it at my next visit
inspection —

"I regret to have to state
however that the industrial training
of the children is almost entirely
neglected. It is true that there are
not more than about 6 children
at the school at present old
enough to learn much needlework
but this is no good reason why
sewing of all kinds should be
entirely or almost entirely neglected.
I found no needlework in the
school at last visit, and
now the same state of things exist.
I understand from the Teacher
moreover that there has been
no plain sewing at the school
of late.

"The Teacher I think is not
to blame for this as she
would be willing to teach
needlework, if materials
were supplied for her

The tender of Mrs M Parry to supply,

accepted -

Notice of Motion

In consequence of the satisfactory
report of the Inspector of National

this day fortnight move that her
Salary be increased.

Gentlemen

I have to acknowledge receipt of a copy of Mr Forster's (Relieving officer) report to the Board of Guardians of the proceedings against the defaulters under the compulsory vaccination act on the list I had forwarded to the Board

I beg in reply to state, there was not a single case in that list, as I understand the act but should have been fined. I mentioned to Mr Henry one of the Presiding Magistrates - that ten years would not be a bar to the proceedings - and handed in the act for reference -

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

The number of Provisional Admissions to the Workhouse confirmed was	-	-	10
Ditto disallowed	-	-	0
The number of applicants admitted to the Workhouse was	-	-	4
The number of cases of provisional Out-door relief was	-	-	8
Do. do. in which relief was continued by the Guardians	-	-	0
The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was	-	-	5
The number of applicants for whom relief was not ordered	-	-	

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

The 13th Section appeared appears to me to remove all doubt on the point.

It might appear from Mr King's report that all the children in that list returned for inspection on the 8th day with arms ulcerated - Several were so, - but others did not return on the 8th day - the decision of the Court was alike in all cases - except one - that child was 8 months old - had been vaccinated but I could not record it successful - another child within a few days of 8 months old - had never been presented for vaccination and without the shadow of defence was also dismissed - and on calling Capt Thomson's attention to the case - being also one of the Presiding Magistrates - he examined the Book and informed me that it also was dismissed - I can only account for such decision on the grounds of a doubt having been conversant with the provisions of the act -

I am preparing another list of defaulters under the act, and will shortly forward it to the Board -

Any directions the Board of Guardians think proper to give will full pleasure in compliance out as far as I possibly can while I remain further
Yours at service
A. Allen

Gentlemen

According to your
instructions. I visited the Islands
of Kishboppin and Shark
on the 9th Inst. and served
notices on 83 persons requiring
them to attend at the Kish-
boppin Dispensary on Friday
the 13th Inst. for the purpose
of having their children
vaccinated - and in case
they neglected to do so
that they would be prosecuted
according to law - while
serving the notices - I discovered
that

that 10 of the children on the list are
dead. I also heard a good many
of the people whom I served notices on
say that they would not give
their children to Doctor Paine
to be vaccinated -
