The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon as follow:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively to the following effect (or Orders made on them respectively, as follow):—

Read L. G. B. Letter No. 1915. Dated 12th February 1891.
 Relating to the balance due under the Seed Potatoes Supply Act 1890-91 calling on the guardians to pay this debt at their next meeting.
 Resolved. The guardians request that they are wholly unable at present to pay the balance of £900 9 11 due to the Board of works under the Seed Potatoes Supply Act 1890-91 and they are of opinion that it would be most detrimental to the interest of the Union and the ratepayers if the Local Gov. Board would issue a ^{written} order impounding the rate which was made only to provide for the ordinary expenditure of the Union; and should the Local Government Board do so it will only prevent the payment of Contractors for the supply of oak door relief and for the support and maintenance of the workhouse up to the 29th September next, and they beg to suggest

to them that in the interest of the Union it would be advisable if they recommended the postponement of the payment of this balance until the end of the current year, as they are empowered to do by Section 4 of the Act, by which time the greater portion of the arrears now due by the small occupiers would be collected, which would be sufficient to discharge this debt, as presently extreme pressure cannot be applied owing to the fact that those who got the seed are now unable to do more than make provision to plant their crops.

The guardians think it would be a harsh act to deprive them of this means and ruinous to the ratepayers already over-taxed and they respectfully request the Local Government Board will take the embarrassed financial condition of the Union, which is due entirely to the impoverished condition of the small occupiers, recommend the postponement of the balance presently due, and thus enable the guardians to make provision in their next Estimate to meet the ^{deficit} difference if any of the seed which will be then uncollected, in the meantime every exertion will be made to have this rate collected and the Collectors are now called upon to furnish the guardians for each Electoral Division with the names and amount due by each occupier owing seed rate and the Collectors will be held strictly responsible for its collection.

Resolved. That the scale of dietary recently approved of for use of the inmates of the workhouse being insufficient as to

allowance of potatoes 2^d each to classes
 Nos. 1, 2, & 3. for denims be increased to 3 1/2^d
 and that the milk allowance for classes
 Nos. 1, 2, 3, 4, 5, 6 be reduced from 1 pint to
 3/4 pints for same meal.

The master of the workhouse who is still in
 the salway hospital applied for a further
 extension of leave. 14 days

Read Letter from the Contractors under the Relief of Distress Act 1886 requesting to be paid an instalment ^{of the debt due} to them.

It is proposed that the Contractors to the Union under the relief of Distress Act 1886 to whom a balance of £2500 is still due for the last eight years be paid now 2/3 in the £ on the amount due.

James Gorham
Patrick O'Hara.

Unanimously agree to.

The Clerk submitted Union Ledger with observations of Colonel J. O'Hara. D.F. Local Government Board Auditor.

" Half year ended 29th September 1893.
" The above is a correct statement of Balance D. & C. taken from Union Ledger.
" at close of acc for half year.

The Contractors Bonds on the absence of which I remarked at my last Audit have been produced.

There has been a considerable improvement in the Collection of the Poor Rates, but the seed instalment due last August is still considerably in arrears, and I fear if not collected and paid to the Board of works will be impressed from the ordinary Rates and put the Union, which was recovering a little too much inconvenience in payment of its current engagements.

Galway County Council Archives

To one week temporary duty as medical officer

£4: 4: 0

three days additional as leave

1: 16: 0

The Committee recommend that Dr. Conroy be paid £6:0:0 in full at the rate of £4: 4: 0 a week. He was only appointed for one week, they are aware that tickets were issued a day or two previous to his appointment were not attended to had to be attended to by him, he had to travel to the most extreme end of the district to do so namely Knockbrack and Renyffe, and on these grounds we consider £4: 4: 0 a week reasonable - The Committee recommend that the £1: 16: 0 for the additional days be charged to Dr. McDonnell in as much as he had obtained leave of absence at a meeting held on the 1st Jan'y ult. from the 10th to the 21st he undertaking to provide his own substitute, he did not apply for any additional leave and Dr. Conroy was requested to continue to act till Dr. McDonnell resumes duty and Dr. Conroy kindly consented to continue.

Several complaints have been made by the people living in remote parts of the district who have to travel long distances to the dispensary that the time for distributing the medicine viz: - from 11 A.M. to 1 P.M. is too short and the Committee recommend that the time be extended from 11 A.M. to 2.30 P.M.

L.G. B Letter N^o 9637. Dated 13th March 1894
With reference to the collection of the rates
&c. requesting the Guardians to call
upon Collector Mr. Martin Lydon for an
explanation as to his non attendance
for the examination of his accounts for
over two months.

The Guardians are aware that Mr. Martin
Lydon was incapacitated owing to a severe
attack of Influenza, he is however requested
to furnish the explanation, and the several
Collectors attention particularly Mr. Michael
Lyden is called to the backward state
of the Collection of said rate.

On the recommendation of Mr. O'Neill Vt. Inspector,
under the Contagious Diseases Animals Act the
following resolution was adopted
Swine Fever in Clonsillauff.

That considering ~~there~~ there has been only one
case of swine fever in this District; and that
for more than a month while the nature of
the disease in this case was unknown and
no precaution therefore taken to prevent its
spread there was no fresh case; considering
also that now ~~while~~ when the people are on their
quarans there can be hardly any danger of
the infection spreading. we would ask the
Authorities to remove the restrictions placed
on the townland of Clonsillauff, as we
know that some poor people especially
those who have litters of young pigs for
sale are suffering serious loss by these
restrictions

Pursuant to notice of motion
Resolved That the scale of dietary for the
Workhouse inmates be amended, and that 3½ lb.
of potatoes be allowed to classes N^o. 1, 2, & 3,
instead of 2 lb. for dinner and that the quantity
of milk (one pint) allowed to classes N^o. 1 to
6 inclusive be reduced to three piggins and

that Sunday be substituted for Monday for
potato diet
