 With reference to the proposal to reduce the rates
 already agreed to for the expenditure of the Union

Resolved: - That owing to the failure of the potato

The Clerk begs to forward a copy of the
 usual Notice, and wishes to inform the Local
 Government Board that the Rate Books are
 now awaiting signature, and if the
 Resolution adopted this day stands new
 rate books for these three divisions will

have to be again prepared.

Resolves: - That we must respectfully, but earnestly, call the attention of Her Majesty's Government to the present deplorable condition of the crops in this Union: - The incessant rains of the past eight months in Connemara have ruined the Oats, hay, & potato crops; the latter which is the staple food of the Connemara peasant, and scarcely worth the labour of digging - they are not good food for swine: - even the kelp trade, has been a failure along the seaboard, which was otherwise a great source of revenue to the poor people who usually paid their rents & debts re. by it.

The poor peasantry fear that a repetition of that dreadful and memorable year 1847, is now at hand - We the Guardians of this Union would ask the Government to come to the assistance of the poor Connemara peasant by opening up public works, in the way of roads, piers, and harbours &c to tide them over the coming winter.

That copies of this resolution be sent to the Chief Secretary, the members for the Connemara Division and the local papers.

Take notice that I or some Guardian on my behalf will move on this day fortnight that the Order made by the Guardians in striking rates on the Bunowen, Tellema Divisions be rescinded, seeing that a rate of 4/- in the £ as struck in 1896 reduced the liability of said Divisions. We now consider a similar rate would be even too high for the poor rate payers to meet when we see the bad prospect of the harvest, the low price of Cattle &c &c.
