Lg B. Letter No. 38. 521 11 Dated 27<sup>th</sup> August 1898  
Referring to the application for a loan for the supply of spraying material purchases, from Messrs Harrington Bros.

The Guardians having regard that the work in connection with the distribution will extend over a period of three years based on this year distribution consider the margin between the price actually paid and the calculation as to the price to be sold at as set forth in the application as being quite correct and they think the mixture cannot be sold without a loss to the Rappayers generally at a lesser sum figure than at the rate calculated £22: 13: 4 per ton  
The Guardians regret having ordered

having ordered such a large quantity; but they were of opinion the farmers would have taken the mixture more generally, and that the whole quantity would have been disposed of this year. They now request the Local Government Board will approve of the required loan, as they have this day forwarded a cheque to Messrs Harrington Bros for £297: 10: 0 which they have arranged that their Treasurer will honour pending receipt of loan, as Messrs Harrington were pressing for payment.

Lg B Letter No. 38. 5245 Dated 29th Aug 1898  
 Acknowledging receipt of Return Form "U" from which it appears that the loans advanced fall short of the expenditure incurred under the provisions of the Seed Supply by £717: 6: 11, and that they have authorised by Board of works to issue a supplemental loan to meet the deficit in respect of the Electoral Divisions concerned amounting to £717: 6: 11 &c.  
 The amount realised for by the sale of surplus seed is ~~£71: 7: 9~~ and not £59: 0: 3 as stated in Form "U". Two cheques to meet £71: 7: 9 were this day issued and transmitted to the Board of works as directed. We request the supplemental loan will issue at once to square the overdraft.

The Guardians have not yet received the loan, but have issued a cheque for £21. to pay Messrs McHenry this claim in anticipation of receiving the loan.
