Gentlemen

I beg to bring under your notice that in distributing Coal for the Boiler between the 1st & 18 week of the 1/2 year ending 30th inst. The amount approximated to be consumed was at the rate of 10 1/2 Cwts per week while the actual Consumption amounted to about nearly - 14 Cwts per week, leaving a deficit in Calculation of about 3 cwt per week total deficit for 17 weeks 59 1/2 Cwts.

Approved

I find that by the most economic means the Boiler cannot be worked with less fuel than 12 Cwts of Coal and 2 Boxes of turf per week, Turf will not usefully work the Boiler.

I beg to attach a copy: Result of Sir L. A. Cameron's analysis of two samples of new milk sent to him on 10th inst samples purchased from Pat Coyne and Anne Thornton

To be kept on hand

There is a suit of Clothes that belonged to an inmate named Michael Faherty who died in the house on 12 inst he left no friend that I am aware of entitled to them. I request to know how the clothes may be disposed of

The Reports of the Master and other Officers were read, and orders made thereon as follows:—

From Chaplain's Book:—

Attended Pat Molloy at Clifden who came in at 12 o'clock. was then in a dying state. Priest not summoned for hours. Master not present when I attended Molloy to whom I could not administer Viaticum as he was too far gone.

J. Brett C.E.

Nov. 23. Visited; I have to call the attention of the Board to the remissness of the Master in not sending for the Priest in time to attend P. Molloy (the person alluded to above by Father Brett) and secondly in regard of having his remains removed to the Mortuary. To allow them to be placed for 24 hours in the same bed upon which the poor man died in the midst of a crowded sick ward, and with the other covering on same than a Sheet of Calico. In these and other matters affecting the discharge of the Master's duties there is more than room for improvement.
