The Clerk applied for a months holidays which was granted.

Resolved: — That Mr. P. H. Bodkin be appointed Acting Clerk for the month and be allowed £1:10:0 weekly for his services

Read: Letter received from P. A. W. Hugh Esq. M.P. dated 12th July '07 on behalf of the Irish Parliamentary Party, requesting information as to the present outlook as regards the potato crop &c.

The following were the questions submitted
 1st How have the rain fall and cold of this season affected the crops in your Union?
 2nd What is the view of your Board as to the

probable yield of this year potato crop?
 (3.) How are the people of your district situated in regard to fuel?

(4.) What suggestions would your Board make as to the steps ~~to be taken~~ that should be taken by the Irish Government to cope with the widespread distress which is now believed to be imminent

The Guardians were unanimous in sending the following reply: —

No. 1. Query: — The rain fall and cold have affected the crops to such an extent that the potato crop will be a total failure unless the weather takes up at once and even if it does, we believe that owing to the extreme cold of the past two months (hail almost daily) and the backward condition of the crops at present, a half crop cannot be expected + these in most cases will be unfit for food owing to their not having time to properly mature.

The hay now at best, will not be half the average. Grain + root crops are proportionately affected.

No. 2. The potato yield will be about half should the weather take up at once otherwise the crop will be a total failure.

No. 3. A famine for fuel already exists in most places and should present weather conditions prevail it will become more and more acute as time goes on.

No. 4. We suggest that the Government start and carry out before distress becomes too acute, works of permanent and remunerative nature
