The following resolution was proposed by E. J. King and
seconded by P. J. Lee and unanimously adopted

"That we emphatically demand for Irish Primary Education the full equivalent which would be due to Ireland owing to the proposed large additional grant (said to be about £6,000,000) to be devoted to English education in the immediate future.

"That as Irish educational finances have been persistently starved during many years past, and as all progress under present financial conditions is impossible, we consider the present a favourable opportunity of effecting a substantial improvement in our educational system.

"That we call upon all those interested in the important work of Irish education to give every assistance in their power to procure for Irish elementary education this just and necessary grant.

"That Ireland's Parliamentary representatives be requested to at once take steps to obtain justice for Ireland at this most important crisis in the educational affairs of our country."
