Dear Sir,  
On the 10th of August

Dunlop tires for which I

one which I have used for  
which must have been good

I hope that the way the tube was  
front and back of the tire for  
main, shall be good to her  
you explained as to the  
cause of the tube bursting  
the cause assigned here is that  
it is rotten up to I expect  
a new one instead of the piece  
of a tube bursting without  
being ridden seems strange  
all the tires, how have the  
tires repaired as you said
