- The female Infirmary Wards are considerably overcrowded  
 • An occasional attendant is much required for the  
 • care and infirm women, it is quite impossible for  
 • one attendant to look after 55 female prisoners.

Extract from Report of British Consular

Re Conversion in the female Wards We recommend the  
 • transfer of the women (the most cases) from these  
 • Wards to the Hospital. We consider this a more  
 • economical way to cure the women than the  
 • opening up of a new Ward and appointing an  
 • additional attendant who is inefficient

Your letter of the 28th inst. in which you draw attention to my letter of the 24th January last relative to your claim for twenty francs from which you quote the following passage: "The francs' desire to state that they would have much pleasure in discharging your claim in full" were it not for a scale of fees?

I am afraid you rely too much on this statement which I see is an incentive to many others and in order to prevent any future misunderstanding as to the francs' position I beg to send the following copy of a resolution adopted by them on the occasion

"That we offer £10: 10: 0 to the Treasury Ministers in payment of this fee."

Although having made use of the ~~same~~ words I had no authority from the francs.

23 Rutland St. Dublin

Received: This is one of the Board's letters of the 26th inst.  
we beg to point out that the road in question is roughly  
finished and it will take about £1000 to complete the  
work in accordance with the specifications of the late  
County Surveyor on which lines the Committee in charge of  
the works are following closely. Our representative on this  
the Rev. Canon McAlpin's Committee has expended over  
one hundred and fifteen pounds (£115) on the work  
already given thus by the local government Board, and we  
are of opinion if your Board would kindly consent to  
a similar amount being expended by you under the management  
of the County Surveyor or by Canon McAlpin's Committee  
which seems to give satisfaction to all concerned  
the Cliffside District Council will take over the work  
and be maintained by them.

Council meeting 8th May 1907.
