Gc/5/3

23rd. June, 1927.

Dear Mr. Chairman,

I have been delegated to attend the meeting of the Local Government Officials Union on Saturday next, and I hope the Committee will excuse my absence from the meeting on that day. There are some very important matters from our point of view that I ^{w-d} like to watch.

I have directed the outstanding Rate Collectors to be in on Saturday with all their arrear lists, etc. in order that we can get the warrants completed. As these Collectors have neither complied with the Public Bodies Order nor with the terms of their bonds, or even with the suggested new scheme which they themselves got the Local Government Department to issue last year, I think all we can tell them is that the County Council cannot pay any poundage except with the special consent of the Ministry in each case. We have only been able, so far, to get out one-third of the warrants, and the way in which the outstanding Collectors have acted is, I think, very bad. Giving them time does not appear to do any good. In any event the time is long gone past when the Collections should have been finally closed off. The Council and the Committee have been very patient with these ten Collectors, and if they now get into trouble they have nobody but themselves to blame. Meantime they are holding up the warrants for the current year, and I am afraid this will mean financial embarrassment for the Council in a very short time. I am putting on the order book directions which I think will meet the case *if you approve of them*

Yours faithfully,

M. McNeill, Esq. Co.C.

THE LAND ACT, 1927.
Liability for Rates on Lands.

A Chara,
I am directed by the Minister for Local Government and Public Health to transmit for the information of the Council and their Rate Collectors the subjoined copy of Section 18 of the Land Act, 1927, which passed into law on the 21st ult.

Mise, le meas,
E. P. McCARRÓN,
Runaidhe.

To the Secretary of each County Council.

Provisions as to arrears of rates.

18. (1) In any case where untenanted lands become vested in the Land Commission under the Provisions of the Land Act, 1923, all poor rates and other rates made or assessed in respect of such lands for the financial year current on the appointed day shall be apportioned up to that day such rates to be considered as accruing from day to day for the purpose of this provision, and the Land Commission, or any person in occupation of the lands as allottees or purchasers from them shall be liable only for the portion thereof apportioned in respect of the period between the appointed day and the end of the current financial year but shall not be liable for arrears of rates made or assessed in respect of the lands for the then current or any previous financial year.

(2) In every such case the owner or occupier of the lands prior to the appointed day shall be liable for the portion only of the rates made or assessed for the current financial year apportioned in respect of the period between the beginning of that year and the appointed day.

(3) The portions of any rates which shall become payable under the provisions of this Section shall and may be collected and levied and sued for and recovered by such and the same ways and means from the person liable therefor under this Section as the entire rate might have been collected, levied, sued for and recovered if this Section had not passed.

(4) In every such case where the interest on the purchase money is not available for the payment of the difference between the amount for which the Land Commission or any person in occupation of the land as allottees or purchasers from them are made liable by sub-section (1) of this section and the total amount which would but for the provisions of the said sub-section have been legally recoverable from them in respect of rates and arrears of rates if proceedings for the recovery thereof had been instituted against them on the appointed day, there may be paid out of the purchase money in priority to all other claims affecting the same a sum not exceeding the amount of such difference. Every such payment shall be made by the transfer of land bonds equal in nominal value to the sum made payable by this sub-section and such payment shall be deemed to be satisfaction to the extent of the amount of the nominal value of the land bonds so transferred.

(5) In every case where a holding or part of a holding is resumed by the Land Commission in pursuance of their powers in that behalf, the provisions of the foregoing sub-sections shall apply with the substitution of "the day on which the Land Commission enter into occupation" for "the appointed day."

(6) All land bonds transferred under this section in discharge of rates shall be forthwith sold by the rating authority to which the same shall have been transferred and the proceeds thereof paid into the appropriate fund to be applied to the like purposes as the rates and arrears of rates, in respect of which the land bonds were transferred, would have been applied if paid to the rating authority in cash.

Order: The Committee will of course comply with the law, but place on record their view that recent complications introduced by legislation in regard to New Buildings, Fisheries, & now under the Land Act add considerably to the difficulties of assessment collection & account.

^{of the Galway Com. Council}
That the Finance Committee have learned with regret
that Colonel O'Malley Keyes the Master of the
Galway Blazers is obliged to leave Ireland
in consequence of a demand for Income tax made
by the Inland Revenue Authorities on his ~~own~~ Income
from Foreign Securities.

We regard Colonel O'Malley Keyes' as a
valuable Mastership as a valuable asset to
the Com. and the farmers and local Traders
and we request that the Revenue Authorities
will interpret the Income tax Laws and
Regulations as favorably as possible to him in
the hope that he may be induced to
retain the Mastership of the Hunters.

W. McNeill
E. Forbett.

The Galway Com. Council are
interested in the matter as they
~~have~~ ^{have} arranged to contribute £500
for advertising ^{and developing} this Com. as a
Tourist Resort.
