COMHAIRLE CONNDAE NA GAILLIMHE.

SECRETARY'S OFFICE,
COURTHOUSE, GALWAY,
7th February, 1928.

F.C.M. 4634.

Sir,

The Finance Committee at their meeting on the 4th instant had under consideration the state of the Rate Collection in the County and they regarded the condition as very serious. Out of a total Warrant of £255,144 for the year ending March 1928, only £120,416 has been lodged to credit of the Council.

At the present slow state of collecting, it would take nine months to collect the outstanding amount, whereas Collectors according to the terms of their Bonds are required to have their Accounts closed on or before the 31st March.

The backward state of the collection is seriously interfering with the administration of County Services and a Special Report will be made to the County Council at their meeting to be held on the 18th instant.

I am, therefore, to request that Collectors, in their own interest, should proceed most diligently with the collection and make substantial lodgments within the next ten days.

I am, Sir,
Your obedient servant,
P. CROWE,
Secretary.
