Moycullen Dec.r 26.th 1882

At a Meeting of the committee of management held here convened by order of Circular from the clerk of the Union the following members attended. John Kyne in the chair other members present Patrick Kyne John Madden H. Davoren Wm. J. Fitzpatrick Esq.r Hugh Davoren Timothy Kyne Queries 1 & 2 were discussed by the committee and the following resolution was agreed to.

"Query 1." The committee apprehend distress - and our apprehension is founded on the failure of the potato crop which in our district is less than one half its usual yield owing to the very wet season.

Our mountain districts could not take out their crops until the frosts set in - therefore we believe the quantity lost from this cause has been underestimated.

We believe a large number of our poor farmers have overstrained their resources in order to meet the "arrears act."

From these facts we believe that distress is already impending - unless averted by some timely employment being given.

We ourselves would have given expression to our fears on this vital question if we were not convinced that a long expected public work would have been opened in the district previous to this.

As regards Query 2. we are of opinion that the Relieving officer is competent to discharge the duties of his office for the present.

Dr Browne in the Chair

Other Members present Messrs Campbell, L. Davis, J. McDonogh, M. McDonogh, J. Grealy and M. A Lynch.

It was proposed by Mr. Campbell and seconded by Mr. Davis and "Resolved – That we express our very great regret at the death of our late Medical Officer Dr. Clayton whose careless attention & and singularly humane feeling for the sick poor under his care were well calculated to win our esteem. His pleasing manner and amiable disposition could not fail to contrast with them those soothing influences so much prized by those amongst whom his duties lay. We desire to tender our deep sympathy to his bereaved relatives in their very great affliction.

It was agreed that an advertisement be issued to fill the vacancy caused by the death of Dr. Clayton the appointment to be placed on Friday 12th January next, and that Dr. J. Grealy be directed to discharge the temporary duty in the meantime.

Signed M.A. Lynch.

Copy of Auditor's Memoranda on completion of the Audit of the Union Accounts on the 24th January 1883.

Out door Relief Account.

1 The Books of Mr. Hennor Relieving Officer were not satisfactorily rendered. I have been obliged to surcharge him with 13/0 charged by him on the Turbough Division without the necessary authority; and I have debited him with 2/6 for similar reasons in the Kelerna Division, amounting altogether to 15/6.

2 I have debited Mr. B. Hennor, Relieving Officer with £1-5-6 being so much taken credit for by him in his Relief List without having procured the requisite authority for its expenditure.

His Books were not submitted to the Clerk for examination during the half year, and they were submitted for audit in anything but a creditable manner.

Collection Account.

3 Mr Hennor also submitted his Collecting Book and Rate Abstract in a manner so entirely imperfect that I was unable to put them through any examination whatever.

4 Mr Concannon's Books as well as the state of his Collection are alike unsatisfactory, and the fact of allowing him to retain his

his old Warrants appears to have largely contributed towards this state of things. He has not attended since the 3rd October for the examination of his Books although he appears to have collected a good deal of the old Rate since then.

5 Mr Wallace did not attend the audit and I am sorry to say that his Books show pretty much the same state of things as the foregoing case.

6 Mr H. Kyne did not attend, but he offered no excuse for his non attendance.

The following Letters from the Local Government Board for Ireland and others, were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively as follows):—

9th/M/1883. 26th Janʸ. Forwarding Form for Returns of Idiots and Epileptic Idiots in the Workhouse on the 31st December.

1st Febʸ 1883. From Mr. C. Pedington requesting the Clerk to telegraph the exact number of applicants for assistance to emigrate. Request complied with. Number 1821.

27th Janʸ 1883. From the Clerk of Union, Tullamore, forwarding a copy of a Petition adopted by the Guardians of that Union.

The humble Petition of the Guardians of the Poor of the Tullamore Union Sheweth.

To The Right Honorable and Honorable the Knights, Citizens, and Burgesses of the United Kingdom of Great Britain and Ireland, in Parliament assembled.

THE HUMBLE PETITION OF THE GUARDIANS OF THE POOR OF THE TULLAMORE UNION

Sheweth,

That owing to want of Trade and to Rack-rents, and a disastrous system of legislation carried on in this country, the labouring classes and small farmers of Ireland have been reduced to great distress, from which recent Acts of Parliament are incapable of relieving them; the Arrears Act only discharging in most cases debts unable to be paid as they accrued from rack-rents and bad seasons, while their present poverty leaves small Tenants unable to improve their holdings, even though they get the benefit of fair rents through the Land Courts.

That while the position of farmers over £10 valuation has been ameliorated by empowering them to get Loans for the improvement of their holdings from the Board of Works, no such advantage is given to smaller holders who form more than 200,000 of the community, and, stand most in need of assistance, comprising chiefly the labouring classes.

That the Surplus Fund of the Disestablished Church unappropriated by Landlords in discharge of arrears with a government subsidy could not be better allocated than in granting Loans to these small Tenants, in proportion to their holdings, through the medium of County Boards, or Boards of Guardians, giving these Tenants employment in improving their own farms, and thus preventing many from the Workhouse, or Government Ship, the only alternative offered them in the recent Circular of the Local Government Board. Wherefore by empowering the Board of Works to make such Loans to small Tenants which will be a protection to them and a source of wealth to the State which will return again for other useful purposes.

And your Petitioners as in duty bound will ever pray

JAMES LYNAM, *Chairman.*

Mr M. Mc Donogh moved the adoption of the Petition of the Tullamore Guardians. The motion was seconded by Mr O'Keeffe and declared carried — the Chairman alone dissenting.

1st Febʸ 1883. From the Accountant, M. G. W. Railway Company, requesting to be informed if a Bank Order for the amount of Poor Rate due by the Company were forwarded to the Clerk, whether the Clerk would give a receipt for the amount to produce at audit of the Company's Accounts.

Order — The Clerk to receive payment of Rates and acknowledge receipt — the regular receipt to be forwarded when the appointment of the new Rate Collector is sanctioned, and his Bond perfected.

The Chairman and Gentlemen
Board of Guardians
Galway Union

Gentlemen

I beg to acknowledge receipt of a letter dated 1st Inst. from the Clerk of the Union enclosing a communication from the Local Government Board also copy of a communication to that Board from the Rev Father O'Donohue in which he complains of the course pursued by me in the collection of the poor rates in those Islands and of my neglect as Relieving Officer to post the list of persons in receipt of out door relief in the manner required and charging me with neglect as collector in not forwarding to the Revising Valuator a list of persons who required their holdings to be revalued and directing me by order of your Board to furnish an explanation by the 9th Inst.

+ In compliance with the order of the Board I beg leave to submit the following explanation which I hope will be found sufficient to exonerate me from the charges made against me by the Rev. Gentleman

In the first place he charges me with posting notices calling on the Islanders indiscriminately to pay the poor rates

Or

Galway County Council Archives

or otherwise I would take legal proceedings against them. In answer to that charge I beg to say I did post notices calling on the people to pay the rates or I would proceed against them but did not mention in those notices that I would require persons valued under £4 to pay the poor rates. about this time in my own presence Father O'Donohue told the people whether they were under or over the valuation to pay the poor rates as I was not supposed to go to Dublin to Miss Digby or the Countess of Howth for the rates and that they would be allowed them in the rent by Mr Thompson. After this some of the parties valued under £4 of their own accord came to me and offered to pay the rates which I accepted and gave them receipts for same I believed I was right in taking rates when so offered me knowing that Mr Thompson would allow the parties paying them in full in their rent afterwards

In answer to the charge of my not posting the list of persons in receipt of out door relief in the manner required I beg to say that on many occasions for the past year I was obliged to be away from the Islands on business I could not avoid and though being tossed about I might have neglected to post the notices.

In answer to the charge of my not forwarding to the revising valuator a list of persons who required their holdings to be revalued I beg to state that no one person on the Islands ever made any applica=tion to me to have their holdings revalued.

In the month of November last to the best of my belief the Rev Father O'Donohue sent me a list with the names of three or four persons who he said required to have their holdings revised. on the 7th and also the 13th of last December I had an inter=view with the revisor in Galway when he informed me that he could not undertake the business at that time as the weather was very severe and it would be necessary for him to visit the Islands but that if I wrote to him in April next he would come to Aran and make the necessary revision at that time I informed him there would be a large number of revisions to be made on the Islands

With respect to Father O'Donohue's assertion that up to this year the Guardians never granted a legal covenant authorizing a collector. I leave Mr Mullery to answer

Hoping Gentlemen that you will consider the foregoing explanations satisfactory and that any neglect that appeared in the discharge of my duties arose not wilfully but through circumstances over which I had no control

I remain
Gentlemen
Your very obedient Servant

Report

BURIAL BOARD PROCEEDINGS.

8 February 1883

In accordance with your desire we have examined the accounts of the Burial Board, and find that on the 29th September last, when the entire of the Burial Rate of that year was collected and placed to your credit, there was a sum of £515.10.8 due to the Bank. This deficit we have traced principally to payments made to the Contractor, Mr Sargent, for extra Works outside of his Contract, and to other items not taken into account in the original Estimate when contracting the Loan with the Public Works Loan Commissioners.

The Burial Rate of 4d in the Pound produces annually a sum of from £530. to £540. and as will be seen by the following figures, is adequate to meet the annual instalments of Principal and Interest on the Loan, and the incidental expenses of the Cemetery.

Yearly Interest on Loan	£422.0.0
Mr Darcy's Salary	40.0.0
Salary to Clerk of Burial Board	15.0.0
Coal & Minor Expenses	20.0.0
Poundage on Collection of Rate	16.0.0
	£513.0.0.

Besides the Income from this Rate, you derive a sum of about £40. yearly from Interments and grave Spaces. In order to discharge the balance due to the Bank we recommend that this sum be borrowed as an addition to the former Loan from the Public Works Commissioners, and on the same terms. The yearly instalments of Principal and Interest on this Loan would come to £32, and your Income as above shewn is sufficient

sufficient to meet this and all other liabilities.

By dealing with the matter in the manner recommended, you will be relieved from the necessity of levying a further Rate, and increasing the taxation on an already overtaxed community.

were read, and directions given thereon as recorded in Executive Sanitary Officer's Report Book.

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary matters, were read, and directions given thereon as follows:—

7th Feby 1883. Upiddal -

Acting on your order of Friday last I got out the Workhouse Van for removal to Hospital of Mrs Tolan and her two children who were suffering from fever. The two children were removed but Mrs Tolan would not go. As she was near her confinement I did not force her as it would be unsafe and unwise to do so under the circumstances. When visiting there on yesterday I found her very weak with symptoms of labour and two of the other children suffering from the disease. I at once Ordered the Van out for the removal of the Children to Hospital and sent a nurse to care Mrs Tolan. As she is in a very bad state she will require both nurse and nourishment for some time. I have to request that the nurse be left with her and that she get out door relief -
