RESOLVED—“ That the Board of Guardians of the Kilrush
Union respectfully request the Government to alleviate their
present financial embarrassments by legislative means in order
to meet their liabilities which have accrued from high rents
and a large amount of State Taxation outside the requirements
for the relief of the Poor as contemplated when the Poor Law
was enacted; and the Guardians would suggest with great
respect, the exigency under the circumstances of the country,
relieving the ratepayers from the imposition upon them
under the Parliamentary Voters' Act, Jurors Act, Explosives
Act, Contagious Diseases Act, Registration of Births, Deaths
and Marriages Act,” as we are of opinion that the said charges
should be defrayed out of the Consolidated Fund, and thereby
relieve the already overburdened Ratepayers of Local Rates.
There being a large amount of Poor Rate still due and found
to be irrecoverable, the Guardians would also pray for a
remission of same, and a memorial to the above effect to be
forwarded to the Chief Secretary for Ireland.”

AUGUSTUS WARREN,

Proposed by Mr. M. A. Lynch, seconded by Mr. P. Keam

Resolved - “That we the Guardians of the Galway Union
hereby express our thanks to Mr. Dermott O'Sullivan
Donnellan for the very valuable suggestions contained
in his letter in the 'Freeman's Journal' of Monday, with
reference to the creation of a new industry in the
West of Ireland, and for the kindly interest he manifests
in this neglected Province; that we further express
our opinion that such a scheme as he proposes
will be absolutely necessary to ward off the distress
which the continued dearth of employment produced
by the failure of almost every other industrial
enterprise, must bring about, and we believe,
considering the long period wasted by the Government
in the folly of passing repressive legislation, that
Parliament should soon in the present session, devote
the little time necessary to legislate the expenditure
of a sum of money to inaugurate the project,
if the well-being & progress of the country have any
place in their objects or policy.”

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary matters, were read, and directions given thereon as follows:—

^{the} 20th Aug. 87. A communication signed by five ratepayers in the Stradbally Electoral Division, pointing out that the sinking of the well at Coldwood has been a failure, and appealing to the Board to compel the Contractor to complete the sinking of the well. That the Contractor's statement that he had obtained 5 feet of water is quite untrue, as there are not 5 inches of water in the well.

The Sanitary Sub-officer of the District reported having visited the pump and found only 4 inches of water in it, though sunk 2 1/2 feet.

A deputation from the residents of the Townlands of Carrowbeg North & South, Castlecreevy, Currandulla, and Gartree, waited upon the Board to urge the necessity of a well being immediately sunk in the centre of these Townlands as the supply of water at present is wretchedly bad and impure.

Order. The issue of a placard in the locality inviting an expression of opinion from the ratepayers in the locality on the necessity of a well being sunk, & their willingness to bear the cost of it.
