Referred to the Committee formerly appointed to investigate these accounts.

The following Letter from the Rev^d Mr. Daly was read.

Sir

St Vincent's Avenue
Feb 15. 1860

I had the pleasure of receiving the resolution of the Guardians of the Galway Union passed at their Board on Friday last and I beg you to assure them that it will always give me gratification to correspond with their wishes in behalf of the poor entrusted to their care in giving them the consolations of religion which is a duty of every Priest, but which the Parish

Clergy are strictly bound to administer irrespective of the sacred duties of pecuniary compensation, that could never be my motive for resisting the tyranny which has left the unfortunate inmates of the Workhouse solely without mass, as I received the last part of the salary attached to it, but I contended for a principle in which the discipline of the Catholic Church was involved, and which if Priest or Bishop yielded he would no longer be worthy of his position as a Minister of that Church, please to present my respects to the Guardians of the Union at their next meeting
And I remain Sir
Your Obedt Servt
John Peter Daly

The following letter from the Rev^d Dr McEvilly was read,

College House

1st March 1860

Sir I have the honor to acknowledge the receipt of your letter enclosing the resolution unanimously adopted at the last meeting of the parlay guardians conveying to me the thanks of the Board for the exercise of my authority in the appointment of a Chaplain to the Workhouse. While I cannot but deeply appreciate the courtesy and urbanity of so respectable a body of gentlemen, I must in justice disclaim any title to special merit for an act which under the circumstances became for me a duty of imperative necessity.

In my communication addressed to the Poor Law Commissioners during the preceding Autumn on the subject of the Workhouse Chaplaincy I stated in the most explicit terms that I could not interfere in the case then stood "without some justifying cause" I need hardly observe that it was thereby very significantly intimated that were such a cause to arise, I would at once exercise the authority with which I was invested however unworthily, as Ordinary in every part of this Diocese. That such a cause existed in reference to the late appointment is but too painfully manifested to any one who has any knowledge of the state of the Workhouse, and bears in mind the recent discussions & correspondence which have taken place in connection with the question of the Chaplaincy, at some of the late meetings of the Board of guardians. No well regulated mind will fail to perceive that owing to the necessity induced by this altered state of things circumstances, I had no option left me, and that I was not only justified but imperatively called upon to enter on a prompt and decisive line of action both for the protection of the poor and the vindication of my own authority, which it is needful to add it becomes my bounden duty vigorously to defend, against every assault from

what quantity I ever it may proceed,
Praying that you will have the
goodness to convey my best thanks to the
Board of Guardians at their next meeting

To the Clerk of the
Galway Union

I have the honor to be Sir
Your faithful Servt.

Masters Report

The Workhouse
January 30th March 1860

Gentlemen

I beg to report to you that on Sunday last Divine Service was celebrated here for the Protestant inmates by the Rev. Mr. Caldwell and for the Catholic Inmates by the Rev. Mr. Goode -

The Milk supplied by the Contractor is often of an inferior quality. On Monday, Tuesday and Wednesday he failed in supplying the due quantity, on two of which days I gave Cocoa, and on one day Tea, as a substitute and on Tuesday morning I gave a double quantity of milk for Breakfast.

The Tailor repaired during the week 15 pairs of Boys trousers and 5 waistcoats

On Thursday at Mr. Reid's desire I sent all the weights and measures belonging to the Workhouse in, to the Courthouse to be examined

On Thursday I was called upon by the Master to assist her in getting a refractory girl named Mary Walsh into the Lock Up. I did so, and in a few minutes, after breaking 9 panes of glass of the windows of that ward, she succeeded in breaking the staple of the door and getting out, where she got some stones and broke 3 panes of glass of one of the windows of the Dining Hall. I went immediately and lodged information against her; she was taken to the Police Barracks to stand her trial on Monday. The Reports of the Master and other Officers were read, and orders made thereon, as follows:

I am Gentlemen yours &c.

The Board of Guardians
John Quinn
P.S.

Patrick Quinn
Acting Master

With regard to the management and manner of laying out the Workhouse grounds, I would beg respectfully to suggest the following method as the most judicious and economical under existing circumstances — There are upwards of 3 acres of land attached to the House and as the few able bodied men who remain here during the winter, leave at the approach of spring, therefore the hoeing of the crops, must chiefly devolve upon paid labour, which from the high rate of wages of the spring season and the large extent of ground to be cropped involves a large expenditure. Another feature is that there can be no more manure made in the Establishment than will manure half the land leaving the other half dependent on artificial manure.

Under these circumstances I would suggest that the south and west quarters of the ground (comprising about 2 acres and the worst for cultivation), be now sown with oats, and properly laid down with Hay seeds and clover, to form permanent meadow, which eventually will be found to be more remunerative than tillage, in as much as that these two quarters should be cultivated and manured artificially at a heavy expense

I would then propose that the North quarter of the land containing about 1/4 acre (and which is the very best portion of the land)

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

be kept under tillage - it will supply the House every year with plenty of vegetables viz. Cabbages, in succession Parsnips & Carrots. Onions & Leeks, Parsley and other small herbs &c. &c. together with a small plot of Turnips & Potatoes there will be only enough of manure annually for this plot and I consider that if these suggestions be carried out I would afterwards by great exertions contrive to cultivate this piece of ground independent of paid Labour

John Muller

The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively as follows:)

30 March 1860

Michael Holland aged 48 years having applied to the Board of Guardians of the above Union for relief in the Workhouse made the following Statement,

I have been residing in England for upwards of 14 years, five years of which I have been residing in Huddersfield and upwards of 9 years at Halifax in the County of York. In January 1858, I lost the sight of both eyes being then employed as a seasons Labourer, I was admitted as a Patient for two months to the Halifax Infirmary, after being discharged from the Infirmary, I applied to the Parish Authorities for relief, they granted me two shillings per week for two months, at the end of the two months Mr. May the relieving Officer for the district called upon me, and said "Holland you are an Irishman & cannot get any more relief from the Parish and a Warrant will be immediately issued to send you and family to Ireland, your little furniture shall be sold to defray the expense of your removal, my wife hearing this she pawned her clothes, my sister in Law who is also employed as a servant advanced her wages to enable my wife to pay my expenses to Ireland fearing the Relieving Officer would put his threats into execution, I arrived in Oranmore in June 1858 and having completely lost the sight of both eyes, I am unable to do any work, some relatives and the neighbours who knew me before I went to England, in the Townland of Dallymacomty, charitably gave me some support, they now refuse to give me any further assistance, owing to my infirm condition I am compelled to seek any asylum in the Workhouse, of this Union, my poor wife & three children are still residing at Halifax in Yorkshire,

In Compliance with the directions of the Board on the last day of meeting I have examined the several Application and Report Books kept by myself and the other Relieving Officers in the Union, also the Workhouse Register Books with the Record of Admissions and discharges from the House and I cannot find any entry in these Books to correspond with the Statement made by William M^r Donogh to Dr Brodie for the Inspector at Loughteron,

I have no recollection of any such person having made an application to me as stated in the Poor Law Commissioners Correspondence,

A Boy named Mark M^r Donogh a Native of Kiviana Lane in the Town of Galway applied to the Board of Guardians this morn on the 23rd March last in a weak and Sickly Condition he was admitted to the Workhouse at once and left of his own accord on 7th April.

Letter from the Poor Law Commissioners dated 26 April 1860 on the Subject of the resolution of the Board of Guardians permitting the chief Contractor to Supply Cocoa Sugar for the use of the healthy inmates & Tea for use in Hospital in lieu of the quantity of milk which he is unable to furnish in accordance with his Contract.

And the Commrs state that Tea or Cocoa Sugar alone hardly seem to be sufficient, and suggest that butter with bread at the breakfast meal, & meat in the Soup at the dinner meal in quantity sufficient to make an equivalent for the milk of which the inmates are deprived, should be allowed.

The Commrs request the attention of the Guardians to the Subject, suggest that the medical officer of the Workhouse should be requested to furnish a Report as to the quantities of butter and meat which should be issued under these Circumstances,

Ordered. That Dr. Browne be requested to furnish the Board with his Report on the Subject -

Ordered That 1/6 be given to the collector to purchase clothing for Patrick Boyle who has been an inmate in the house since 1851 & was about being employed,
