The following letter from Mr Cullen on the subject was read
 Relieving officers Office
 Galway 31 January 1862

Gentlemen
 Having read a Paragraph in the Galway Vindicator of Wednesday last - headed "Stimms misery - Death from starvation" - I have made inquiry into the truth of these statements, and I am happy to say that the cases of distress put forward are entirely without foundation. James Murphy who died on Sunday last in the old House in Cross Street had been several times an inmate of the Workhouse; he left that Institution in August last and had been since up to Thursday last employed by James McDonogh of Cross Street. McDonogh's daughter states to me that during the time Murphy was ill they supplied him with abundance of food; the "all aloneys" with whom he lodged state that he had more food than he could use, and that he never made use of the expression "throw me out into the street there to die" rather than that "I should be sent to the Workhouse";

With reference to the old Bladdagh Fisherman who has been led on the Sticks or Skins of Potatoes, and who has neither Blanket or Sheet, - I visited the old man, whose name is Tom Connell; he denies ever making such a statement and I am informed by parties who I can rely upon that old Connell has a considerable sum of money and will be able to provide himself with the necessaries of life.

I am Gentlemen
Your obt. Servt
J. Cullen
Relieving Officer

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was - - - - -

Ditto, disallowed - - - - -

The number of applicants admitted to the Workhouse was - - - - -

The number of cases of provisional Out-door relief was - - - - -

Do. do., in which relief was continued by the Guardians - - - - -

The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was - - - - -

The number of applicants for whom relief was not ordered - - - - -

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year.)

The Board in pursuance of notice to that effect proceeded to consider the question of administering out-door Relief in the Galway Electoral Division.

A deputation of the Galway Relief Committee waited on the Board, and the Rev Mr Darcy addressed the meeting at considerable length upon the distress prevailing in the Town.

After much deliberation it was

proposed by Capt O'Sharkey
seconded by W. G. Murray Esq
that out-door Relief be administered in the Galway Electoral Division from this date to the 1st of April next to those allowed by Act of Parliament to receive such Relief.

The question was put to a vote and the numbers were
for the ~~Resolution~~ ^{Resolution} 3
against 9

The remaining Guardians either had left the Board Room or declined to vote.

The Chaplain's Book was produced and the Entries made therein since last day of meeting were read

 Relieving officer's office
 Galway, 17 February 1862.

Gentlemen / Having laid before your Board on last day of meeting a report relative to the alleged cases of destitution and death from destitution described by the Galway Vindicator of the 29th January last. I again repeat there has been no foundation for that statement. In last Saturday's issue of the ^{paper my} ~~above~~ ^{paragraph is} ~~relative to the above report~~ ^{questioned relative to the above report}. I beg to reiterate my former statement and at the same time I do so I challenge any member of the Relief Committee, or the Editor of the Vindicator to contradict one line of ^{my} report to the Board of Guardians as your paid officer I have a public duty to discharge and I shall do so faithfully

I am Gentlemen
 Your Obedt servant
 J. H. Cullen,
 Relieving officer

A very lengthy discussion arose upon this letter, having reference particularly to a statement alleged to have ^{been} made by Mr Cullen with regard to the state of the roof of a house in Cross Street.

Ultimately it was proposed by Mr Harrison ~~and unanimously adopted~~ that inasmuch as Mr Cullen has contradicted the statement made by the Relief Committee, I beg to move that the Commissioners be requested to investigate the matter, as I cannot consider him fit to be an officer of the Board unless he prove his statement. The Resolution was unanimously adopted.

Report of Visiting Committee
1 February 62

Influenced by an anxious desire to make ample provision for any increased number of admissions which may possibly arise.

The Chairman of the Board and Visiting Committee met on Wednesday and devoted considerable time, assisted by the Medical Officer, Clerk, and Master, to a thorough examination of the entire Workhouse, its Hospital - and its Subsidiary buildings. The Committee feel gratified in being enabled, after the strictest investigation, to report to the Board, that with some additions to the stock of clothing and bedding, and the economising of room by shifting some of the classes, the House may be rendered capable of accommodating several hundreds beyond its present number of inmates.

In order to protect the classes who frequent the Dining Hall from any risk of contamination arising from bad example and to carry out classification more strictly, the Committee consider it expedient that those women with illegitimate children should either have their meals supplied at hours different from the others or given to them in their own building, a portion of which appears unoccupied. With a view to preserve the sanitary state of the house, they recommend that the male adult class be transferred in daytime from the Infirmary men's day room which is overcrowded to a shed in the men's yard. The Committee bear willing testimony to the

order. Cleanliness, and comfort which were apparent in every department and ward of the Hospital as they passed through it; the sick and convalescent - attracting to the attention with which they were cared and their wants supplied. There are a few minor points affecting the general management of the house which appear to the Committee to require some improvement and which may hereafter be looked into, but they deem it better not turn aside from the paramount object in view, namely, to use every available means to meet any pressure, which the Committee are sanguine enough to believe the Guardians will be fully able to cope with. Finally they decided that the articles hereinafter enumerated should be cast from the stock of clothing, as unfit for use, 10 mens' shirts, 20 Flannel Vests - 25 mens' and 25 boys' caps, - 17 womens' shifts, and 20 petticoats - and that the Master should at once employ two Tailors to make up new clothing and repair old. They have selected two needle women from the wards to assist the attention in the clothes cutting department.

Board Room, Friday, 14th February 1862 -

Statement made by Thomas Connell, the old man residing at Claddagh, referred in the letter addressed to the Board of Guardians by Mr Cullen, Relieving officer, on the 21st January 1862 -

I know Mr Cullen. - When he went to my house he asked whether I was sick, and said he heard I had £2.15.0 in money. - On my oath I had not one pound at any one time for the last 20 years. - My house was in the same state when Mr Harrigan, Mr Martin, and Dr Melville visited it, as it was when Mr Cullen and a gentleman in boots went to see it. There was no person with Mr Cullen on his first visit. The house was in the state on all those occasions. I was in bed on the first visit, and at the fire on the second. I had no sheet on either time. My shirt was pawned to get the price of coal and a quart of milk. I had a blanket on me in the bed, it was white, broken in the middle. I had a horse rug for a quilt. I had a Jacket given me by Mr Morris. I had no suit of clothing, save what I now wear, and can produce a witness to prove, that I had no more than I have no boat, nor a share in a boat; have not had for 40 years past. - When Mr Cullen called I told him I wanted something to eat, I had a few Potatoes, a little Bread, and a bit of meat, which I was sparing for my dinner. - I gave half to a woman in the house. The provisions found in my house were supplied by Mrs Lynch in charity. I am owner of the house in which I live, and pay no rent to Mr Cullen. John Fahy paid the last rent for me about five years ago. - I have no means of support but begging. - I receive, meal, bread, and candles from Mr Morris to the value of 6^d per week. I am over 60 years of age. I was out fishing last harvest, and was turned out of the boat, having no net. - My bed was a penny worth of straw laid on the ground. I have a pot, a stool, a bowl, and a mug. I have neither table

Chair, nor box, the woman in the house has a car-
My yearly rent is 9/6 - Mr Martin tried to induce me
to come into the Workhouse. The reason I gave him
for not doing so, was - my dislike to it on account of
my children having died in it -

Report on Anthony Walsh's Case -

12
Board Room, Galway Union,
28 February 1862.

Gentlemen,

In compliance with the order of the Board, I beg to state that my attention had been called by Police Constable Mullin to the case of Anthony Walsh on the 14th Inst. - whom I found sitting at the large door of a person named Hughes at Bohunores. I asked him did he wish to be removed to the Workhouse, and if so, that I would provide a conveyance and have him sent there at once. Walsh refused to become an inmate of the Workhouse. No previous application for relief was made by him or on his behalf. Mrs Caulfield who gave Walsh Lodgings the night before he died, stated to me that she gave him some food for his supper, and on leaving next morning she provided him with Tea. In July last Walsh was fined at the Petty Sessions Court for an assault on a young woman at the Long Wall. The police on searching him found a sum of seven pounds, sixteen shillings, sewed up in his old clothes. - Some short time before his death, he called upon James Gordon requesting that he would serve a person named Devine, who owed him some money, with a process. -

I am, Gentlemen,

Sanitary Report
Relieving Officer's Office,
Galway. 7 March 1862

Gentlemen

I beg to report that I have served several notices under the Sanitary act during the past week. I have summoned five persons on yesterday before the Magistrate at Petty Sessions for neglecting to cleanse their premises. Owing to the want of a second Magistrate the cases were adjourned until Monday next. I have visited the several places under-going sanitary improvements. I find the parties are very slow in carrying out the improvements ordered by the Magistrate. If the improvements ordered are not carried out within the time allowed I shall issue fresh summonses to compel the parties to carry out the improvements ordered.

I am Gentlemen
Your obedient
P. A. Cullen

Galway Union Workhouse,
11 April, 1862,

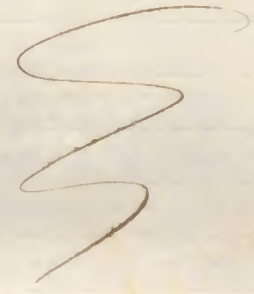

To the Chairman and Gentlemen of the Board of Guardians of Galway Union.

Gentlemen, The circumstance of my having been appointed to the Medical superintendance of other institutions connected with our Town and County would, I find, prevent my devoting sufficient time (without injury to my health) to the discharge of the heavy duties of this establishment. I feel therefore I am only acting up to the trust you have placed in me by tendering to you my resignation as your Medical Officer.

Gentlemen, I take this step with very great regret. I have been 20 years connected with this institution, and with your assistance and most generous liberality I have been enabled to bring the Hospital into a high state of efficiency, to maintain it so up to this day, and to have obtained for it the confidence of the working classes as well as the poor of this Union, and I feel my separation from this Hospital and your Board most deeply. I have, Gentlemen, to return you my most grateful thanks for your unwavering kindness to me during this long period of trial, and, in taking my leave of you, I venture to hope I may carry with me the friendships I have had the good fortune to make here and which I will value all my life. I trust it may not be considered out of my place giving expression to my deep sense of gratitude to the Poor Law Commissioners and to their Inspectors, with whom it has always been my good fortune to have stood well, and to whose assistance and advice I owe so much, and to none more than my kind friend Dr Brodie.

I beg also to return my thanks to your excellent Apothecary, Mr Broughall, and the officers acting under him in the Hospital, to whose unremitting care and kind readiness to obey all my directions I attribute much of the good order and regularity to be observed at all times in your Hospital.

I have the Honor to be
 Mr Chairman, and Gentlemen
 your obedient servant
 James H. Browne,

Report of Visiting Committee
7 May 1862

The Visiting Committee having this day met to consider among other subjects, the extra diet given for their services to paupers assistants throughout the House, the scale of which was laid before them by the Clerk, in pursuance of a Board minute made in February last. After discussing the matter fully, the Committee are not prepared to recommend any reduction at present in the Staff: they deem it inexpedient from the augmented number of inmates to do so, notwithstanding the serious expense involved by these increased rations. They are distributed amongst 16 individuals / 4 males and 12 females, the cost of which exceeds the ordinary half diet by 7/9¹/₂ per head per week, making in the

the aggregate a sum of £63 annually. This cost being allocated in proportion to the numbers in the House, passes heavily on the Galway Electoral Division, as the paupers chargeable thereto are 27 out of 566.

To the Committee it appears inconsistent that while the officers Rations are an establishment charge the rations of these subordinates or petty officers should not be included in the same category, inasmuch as the women are employed as Ward-mistresses and in attending the Hospital, Cookhouse, and dormitories, and the men consist of an Hospital sargeant and watchman food is given besides as extra to paupers who make themselves "useful" and to the messenger, which may be safely discontinued the extra Rations allowed to the woman who attends the Cookhouse are also superfluous.

The Committee next examined and checked over the stock of clothing and bedding, the entire of which they found classified with the utmost regularity, and the stores and dormitories in good order and well ventilated. The articles they have set aside as unfit for use are Blankets 19, Shirts 10, Womens gowns 20, Petticoats 6, Shifts 20, Aprons 29, Caps 84, towels 6, girls frocks 40, Shifts 20, & Aprons 48, in accordance with the recommendation of a former report all such articles should be distinctly defaced either by cutting up or being branded as "cast". There are 1750 cotton neckerchiefs for

a lengthened period in store; these are of little or no value in their present shape and the Committee suggest their conversion to some more requisite articles of clothing, such as children's undergarments. The attention of the Committee has been also directed by the Clerk to the system pursued by the Master, in accounting for the consumption of meal when converted to Bread, namely, by allowing an increase of $1/7$ th to the weight of meal issued as representing the quantity of ^{baked bread} ~~meal~~ _{now state}. In explanation the Master stated such was the practice he found established when he took charge, and he did not deviate from it. The Committee conceive ^{this} an inaccurate rule for obtaining proper results, because the received opinion is, that instead of $1/7$ th ~~of~~ ^{or} 14 per cent being gained ^{in the} ~~with~~ process of Bread making an increase of at least 25 per cent is obtainable. In other words, 112 lbs of Flour will yield 36-4 lb Loaves, or 144 lbs weight. In order to have this question correctly ascertained they have requested the Master to get 112 lbs meal worked up, baked, and the Bread therefrom accurately weighed, and when so done to report results to the Board. The Clerk kindly volunteered to supervise the operation. Looking at the entire stock of clothing as compared with the numbers in House, an increase in several articles is required, such as Jackets, Trowsers, shirts and Shifts, Petticoats, men and Boys caps. We observed with pleasure a great improvement in the cleanliness and order throughout the entire house
