Read Letter from J. B. Grene, dated 10th Jan'y 1865, stating that Mr. Wm O'Brien has been appointed to make the annual Revision of the Valuation of the Union.

Ordered - That the Clerk give notice by handbills and advertisement in the newspapers that the Revision is now being made - and also to convey to Mr. O'Brien the request of the Guardians that he will be good enough to attend at their next meeting that they may confer with him on certain matters relating to the Valuation.

The Chaplain's Book was produced, and the following entry read:

Visited the Male School for the purpose of inquiring why or how it was that two of the School boys desired to join the Protestant service on Sunday last. I dread there must have been some interference, or that some hope was held out to those boys, as it appears strange that a child scarcely eight years old, and with no solid idea of religion would manifest a desire to change his faith - I am sure I need not suggest to the Board the necessity of providing that there will be no interference with the religion of the inmates - I also hope that the Board will approve of the conduct of the Master in the case, and that the Protestant Chaplain had no right to ask those Boys to come to his Congregation on Sunday next.

I take this opportunity of requesting respectfully that the Board will see that Mrs. J. is not a fit person to assist at the dying bed of the Catholic inmates.

(Signed) P. Dooly - C. Chaplain

Master's Report with reference to the foregoing: -

"That on the morning of Sunday, 8th inst., Rev^d Mr. Greane, Protestant Chaplain, called on me to say, that two pauper boys, named Henry Walsh, and Walter

Walter

Walter Walsh, Roman Catholics, were desirous to become Protestants and were then in the Board Room with the members of his religious persuasion, who were about to attend Divine Service there, and that he wished I would be present at their avowal of such intention, previous to his admission of them as members of his Congregation.

I accompanied the Rev^d gentleman to the Board room door, which he opened and called the boys out and asked them were they desirous to become Protestants. They answered they were. I asked them when they took the notion of doing so. The elder boy replied some time ago, the youngest said the other day he thought of it.

The Rev^d gentleman seemed to be under the impression that such avowal on their part was sufficient authority for him to admit them as members of his Church, and they were about to re-enter the Board Room with him to attend the service, when I objected and said I could not tolerate such a change without the authority of the Board of Guardians, and that I would report the matter on next Board day when he would have an opportunity of advocating his claim to them. The Boys are of them and are aged respectively 13 & 7 1/2 years.

Henry Walsh and Walter Walsh were brought before the Board and questioned by the Chairman - They stated that they are Catholics and desire to continue so -

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was 12

 Ditto, disallowed - - - - - "

The number of applicants admitted to the Workhouse was 23

The number of cases of provisional Out-door relief was 3

Do. do., in which relief was continued by the Guardians - - - - - "

The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was - - - - - "

The number of applicants for whom relief was not ordered - - - - - 4

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year.)

Punishment Book - Mary Quinn was brought before the Board charged with - "refusing to superintend the Scutching of the Flax without Compensation" - (Continued)

Resolved - That having fully and carefully considered the Commissioners' letter dated 29th Ultimo, the Board see no reason to alter the opinions expressed in the resolution passed on the 16th Ultimo. The Commissioners have not shown any valid or sufficient grounds for making a change in the relief Districts as now constituted. When those Districts were formed the Guardians as well as the Commissioners were aware of the area and population of each. The Guardians were then aware, and the Commissioners on two occasions at least have been since apprised, that Mr Cullen had some other employments, but neither the Guardians nor the Commissioners deemed those occupations to be incompatible with the due discharge of his duties as Relieving Officer. Several years experience have satisfactorily proved that his other avocations have not prevented Mr Cullen from performing the duties of Relieving officer with zeal and efficiency. There is no complaint of dereliction of duty on Mr Cullen's part - no allegation that the poor are not afforded full facilities for obtaining relief, and therefore the Board respectfully request the Commissioners to reconsider the view they have taken of the question, and to permit the present arrangement of Relieving officer's Districts to remain unaltered.

(Mrs Fletcher being convalescent, the Guardians did not think it necessary to employ a paid officer in room of ~~her~~ her, and made an arrangement with D. Colahan for the supervision of the Hospital until Mrs Fletcher is quite recovered.)

The Reports of the Master and other Officers ^{was} read, and Orders made thereon as follows:

Read Letter from S. W. Roberts, Esq. Architect,
dated 20 January, 1865, stating that the
works connected with the several alterations
in the Workhouse Hospital will be completed
in four or five days, and that he will feel
obliged by the Guardians making and order for
the payment of £50 on account to Mr. Capt.
Harrison by whom they have been executed in
a very workmanlike and satisfactory manner.
That there is great difficulty in making
the metal window sashes in the apartments
to be occupied by the Sisters of Mercy either
staunch or airtight, and recommending
timber sashes to be put instead, the cost of
which will be £4 -

according to Mr. Roberts's plan and under his

Mr. Harrison for £50 -

A considerable body of men, apparently of the labouring
class, appeared at the Workhouse gate, bearing
a flag, indicative of want of employment -
A deputation from them were admitted
to an interview with the Board.

They represented the deplorable condition
of the labouring classes in the town and
neighbourhood and implored of the Board to
devise measures of relief -

The Chairman addressed the men, and
expressed his belief in the dire poverty they
represented to exist, his sympathy in their
sufferings, and approval of their peaceable
and orderly conduct under their sufferings -
He exhorted them to persevere in this course
as the best means of obtaining the support
of every influential person in their behalf -

The

The Chairman also explained the position of the Board of Guardians and their limited powers; he told them that the Guardians are powerless to give out door relief to a single able bodied person until the Workhouse is full; that relief will be cheerfully and liberally extended to all who apply for it as far as the legal power of the Guardians extends, and that they would wish to give their individual co-operation in any movement set on foot to alleviate the existing distress.

The men stated their object was to get employment; that they did not want relief if they got work; they strongly urged the necessity of some immediate measures of relief - The deputation then withdrew -

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was - 13

Ditto, disallowed - - - - - "

The number of applicants admitted to the Workhouse was - 30

Do. do., in which relief was continued by the Guardians - - - - - "

The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was - - - - - "

The number of applicants for whom relief was not ordered - - - - - 4

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year.)

Fever Hospital -

N^o under treatment this day - 24.

D^r Colahan recommended that the Nurses be supplied with shoes, which they require very much, and deserve for their good Conduct -
(Ordered)

D. Cleland's Report.

N^o in Workhouse Hospital this day, 13th -

"I have already had occasion to mention to the Guardians the annoyance suffered from vermin on clothes and blankets in the Union - It is not a thing which has newly commenced, but one which must require constant vigilance of the officers in every institution, such as this, into which inmates are admitted from among the poor - But I hope that the Guardians with good directions for thoroughly boiling bedding with soda, and for having every blanket and article of clothing carefully examined and freed from vermin before being put in use - In the Hospital I have been sorry to find insects in the Blankets, especially those which being newest afforded them most shelter - I have had occasion to direct the attention of the tenders to the presence of vermin of a highly disagreeable description in the clothing of the children -

~~The Reports of the Master and other Officers were read, and Orders made thereon as follows:~~

believe that the remedies which I have now suggested if thoroughly and systematically carried out would do much to stripate the evil of which I complain -

A list of medical requisites for the Hospital was appended to the report -

The Master, Matron, and Schoolmistress were called before the Board with reference to the Medical Officer's report - Directions were given to have the clothing properly boiled during the washing, and by fumigation, &c. to remove the cause of complaint - A further supply of linen was ordered -

Master's Report -

That the Piece ordered has been delivered and approved by the Visiting Committee -

That the Linen ordered has not been delivered, except 44 yards, which the Contractor had in stock -

That samples of Corn trowsers from four shops in the town are submitted for inspection -
Ordered - Mr. Bammo's sample at 5/4 each approved -
100 to be procured -

Master's Report Continued -

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

Requesting the Board to order some ready made shoes for some of the inmates much in need of them -

Ordered - Employ additional hands and have them made in the House -

Ordered - 2 packing needles, 4 pairs of Shirts, 1/4 hundred of Tailors needles, 1 pair of bathing -

The Master's Report of clothing made and repaired during the week was read -

The following Letters, from the Poor Law Commissioners and others, were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively, as follows:)

From Poor Law Commrs -

N^o 1039/1865 23 Jan'y 3/4 Stating that it appears from the weekly rate abstracts that Mr Morris failed to attend for the examination of his accounts since the 12th ult. ^{and inquiring} whether he has since attended and lodged the amount collected by him - Drawing attention to the slow progress of the collection of the rate, and requesting that the Guardians will require the Collectors to press forward the collection of the rate in their respective districts with more activity - (Mr Morris attended on the 21st inst. and lodged the amount of his receipts to that date.)

N^o 1560/1865 25 Jan'y 3/4 Stating, in reply to Clerk's letter of 23rd inst. that it has never been usual in proceedings in cases of misconduct on the part of pauper inmates, that such prosecutions should be conducted by Solicitors, and that the Commissioners are not aware of any necessity for so doing - That a copy of Clerk's letter has been forwarded to the Chief Secretary's Office -

N^o 971/1865 26 Jan'y 3/4

Stating that the Commrs have had under consideration the resolution passed by the Board on the 13th inst. in reply to the Commrs' letter of 29th ult. on the subject of the extent of the Salway Relief District and the numerous objections of Mr. Fuller, the Relieving Officer of the District. That the Commissioners have reviewed all the circumstances of the case, but that they see no reason to alter the opinion expressed in their letter of 29th ult. - That when Mr. Cullen was first, in 1849, appointed a Relieving Officer it was stated in answer to the usual questions that his whole time was given up to the service of the Union, and it did not appear that he had then any other occupation or calling - That when he was re-appointed in 1856 it was again stated that his "whole time" was given up to the duty - That the fact of Mr. Cullen having for some time done the duty of Relieving Officer without much serious complaint against him ~~is not a conclusive~~ is not a conclusive argument that the wants of the sick and destitute would not be better attended to if his "whole time" were devoted to the discharge of those duties, or the District were divided and another Relieving Officer appointed for part of it - Requesting the Board of Guardians either to appoint a second Relieving Officer, or require Mr. Cullen to give up his whole time to the duties of the office, as he agreed to do when he was appointed. Stating that if the former alternative be adopted the Commrs are willing to consider any proposal for a reapportionment of the salary for the office of Relieving Officer in the two districts, which need not necessarily involve additional expenditure - Enclosing a sketch which the Commrs have prepared with a view to the formation of a second Relief District to comprise the Electoral Divisions of Brammoe, Stratbally, Aghnabridge, and Ballinacourt, and stating that if the Guardians agree to adopt this plan a Relieving Officer can be at once advertised for, and ^{that} a salary of £20, as allowed in the Districts 2, 3, and 4 may perhaps be sufficient for him -

Proposed -

Proposed by Capt. Mara, and Seconded by P. Sarsfield Comyn
 Resolved - That Mr. Collier having always discharged his duties as Relieving Officer to the satisfaction of the Board, and that no complaints of inefficiency or neglect have occurred, we with all due respect decline to adopt the suggestions of the Commissioners in appointing a second officer, seeing no reason to alter the existing state of things after the repeated resolutions of the Board as to the efficient manner in which Mr. Collier has performed his duties -

Spoke was taken and there appeared for the resolution - 10
 against - 1

The resolution was accordingly declared carried -

Read Letter from Michael O'Malley, Turf Contractor, requesting the Board to order Coals for a week or a fortnight, as he is unable to procure Turf at present in consequence of the frozen state of Long Linn - (Ordered)

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was - 8
 Ditto, disallowed - - - - - "
 The number of applicants admitted to the Workhouse was - - - - - 16

The number of cases of provisional Out-door relief was - - - - - 2
 Do. do., in which relief was continued by the Guardians - - - - - "
 The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was - - - - - "

The number of applicants for whom relief was not ordered (No appearance) - 3

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year.)

Report of Visiting Committee -

Report.

The Visiting Committee having been specially summoned to inspect the stock of clothing and bedding (food being amply contracted for) with the view to ascertain whether, in the event of any sudden emergency arising from the acknowledged distress which unfortunately prevails amongst the laboring and other classes, the Board would be in a position to afford accommodation, and to what extent?

Accordingly the Committee, with anxious care, examined both the extent and quality of the stock submitted to them, and bearing in mind the apprehended pressure, they felt no hesitation in ordering an addition of 100 Beds fully furnished, to be provided with as little delay as possible. They also inspected and trapped four pieces of Flannel containing 1004 yards for men and boys' clothing, ordered 50 Men's and 50 Boys' caps, and that all the clothing material in store be immediately converted into garments for the respective classes, for which purpose and to insure expedition the Master was instructed to employ additional hands -

Comparing these supplies with the surplus stock on hand, the Committee have reason for hoping that 200 persons, within the next few days can, without inconvenience, be provided for in the house. Should there be, however, any symptoms of the seriously feeling short of the demand, the Committee recommend to the Board to issue such supplemental orders, as will insure ample provision for the maintenance of the maximum number the house is capable of accommodating, namely 400 - The number at present approximate 600. - The Committee cannot abstain from the expression of their regret, at the frequency of these demands for relief for the whole body, caused by extreme want and privation, and which impose much pressure upon an already overtaxed community. - To be obliged to prepare for the returning wave of periodical distress, is indeed a painful and perplexing duty for the Board, as well as the Committee. From these constantly recurring examples, it is obviously the duty of the Poor Law Commissioners to suggest, and of our Rulers to apply a remedy, by some salutary change in the policy, and social laws which afflict this Country, to avert this chronic destitution. Among many modes of redress would be, the enlargement of the basis of taxation for relief purposes, so as to embrace other species of property, the transfer of the Consolidated fund, of many of the burdens which are unfairly charged upon the Rates, as well as the more equal distribution, throughout the United Kingdom, of the expenditure of the Revenues of the State, which would give an impetus to industrial and remunerative employment, and open a vista of hope to an unprovisioned people.

Finally the Committee had to condemn as useless, except for repairs, 20 blankets, 20 sheets, 10 ticks, 6 Men's jackets, 6 Men's vests, 6 Men's trousers, 33 Men's caps, 20 Men's shirts, 10 boys' jackets, 10 boys' trousers, 20 boys' vests, 20 boys' shirts, 30 Women's shifts, 10 Women's gowns, 50 Women's aprons, and 30 girls' frocks

"A Couch-chair is required in Hospital for surgical purposes. It being represented to me that a number of patients possibly refuse to eat the soup or meat belonging to their dinner on Fridays and that they keep it till next morning to add to their breakfasts, I object to the latter proceeding, and suggest that in those cases meat which is not to be eaten on Friday should not be sent to Hospital or calculated in the Hospital Expenses - Having therefore consulted with the visiting Committee of Guardians, I beg to suggest that it be permitted to draw on Fridays a sheet corresponding to Diet H, but having 1 pint milk & 1 lb Corn flour in lieu of soup or meat for dinner, in those instances which shall be marked 4* in the Medical weekly return."

(Already referred to the Poor Rate Collector)

M^{rs} Bridges offer of an American Clock for Sisters of Mercy in the Workhouse Hospital for £1:10:0, with an engage - ment for 12 months, accepted -

Ordered - That John Tom Mowmy get a pair of Shoes on leaving the Workhouse -

The Chaplains Book was produced and an entry of the baptism of an illegitimate child read therefrom.

Report of Visiting Committee -

The Visiting Committee having met this day to consider the several matters referred to it by the Board, report -

That the portion of the shed in the girls' yard used as a nursery for orphan and deserted children requires to be covered with felt and tar - The yard to the rear of this was in a bad condition as regards cleanliness; the cause assigned was the want of a sewer to carry off slops; this default should be remedied without delay - The surface of the yard is in need of repair, and a coating of fine gravel -

The Rev^d Mr. Dooley represented to the Committee the advisability of dividing the women with illegitimate children into two classes, - separating the ^{and well conducted women} elderly from the refractory - The conduct of a few, it is stated, interferes very much with the comfort and moral advancement of the great majority - The separation can be effected by filling up an open doorway in a partition running across the shed - This partition divides the shed into fair proportions for the numbers which will be located in the two divisions - The change suggested would render necessary the opening of another doorway into the field outside - The Committee recommend to the Board the adoption of these alterations - The floor of the shed referred to is in need of repairs; the walls should be whitewashed, and the bedding improved -

In the greater portion of the shed nearest to the main building there are four pivot windows looking into the girls' yard, through which frequent communication takes place between the women and the schoolgirls - To prevent this objectionable practice the Committee recommend that these four windows should be altered so as to open inwards, and to have them covered on the outside with strong wire lattice -

The Committee directed that a quantity of rags locked up in a separate room should be sold to the best advantage -

A new bell is much required for the use of the House -

Three panes of glass removed from the windows of the Tailor shed should be at once replaced -

The

The Committee recommend the following articles of furniture to be procured for the Matron's apartment:—
 A Table, 6 chairs, a small Cabinet, Carpet, hearthrug, fire-irons and a door-mat—

In procuring supplies of new clothing and Bedding, the Committee think it desirable that the portion furnished to the Hospital should be made distinctive, — in some Cases, — as sheets, blankets and linen articles, — by a different brand; and in others by a difference in Colour or pattern—

The want of additional shelving in the Hospital for utensils, &c. was brought under the notice of the Committee by the Medical Officer; one shelf in each ward, 10 feet long and 11 inches wide would, the Committee consider, suffice for this requirement—

The Committee recommend the Board to accede to the request of the Medical Officer to have the floor of the "rough surgery" boarded, as it is the only apartment now available as an operating room, and the floor being now very much out of repair—

Materials being required for repairs and for Hospital

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

Report.

On the subject of providing additional shelves in the Hospital. the Visiting Committee, after having inspected the wards and consulted with the attending Sisters, find that it would much conduce to convenience and regularity in dispensing food and medicine, to have increased accommodation at the bedside of the patient. They therefore suggest the propriety of having the shelves fitted up, and that the work, together with the Communion Tables already ordered by the board, should be executed under contract.

To insure more complete classification, it becomes unavoidable to divide the day yard between the hospital buildings, by the erection of a wall six feet high, along the paved channel from the Eastern door of the hospital, to the corner of the accommodation shed on the opposite side. This should be also by contract.

Another desirable improvement suggested by the Sisters, and which the committee adopt, namely, the setting apart the laundry during two, or three days as occasion might require, in each week for the exclusive washing of hospital clothing. Besides, that the clothing, bedding &c. of this department, should be branded, and numbered according to each sex, ward, and bed, the initials M & F. for male and female, with figures to indicate the number of each bed and its furniture.

It is also recommended that that portion of the ground upon which the flag was raised, and which lies south of a straight line drawn from the dead house ^{west} ~~at a right angle~~ to the west boundary wall, should be fenced off by an earthen bank, and quickset hedge, laid down with grass seeds, and intersected, or laid out with gravelled walks, for the special use & recreation of the hospital Sisters. A bill has already been ordered by the board, for the use of the hospital, which should be procured without further delay.

Report of Workhouse Medical Officer -

It being represented to me that it has constantly happened that some patients in Hospital have had a larger Diet than they were able to consume, and others a smaller Diet than what was necessary, and that the patients have been in the habit of arranging those inequalities by making Exchanges, I cannot hesitate to consider the practice mentioned as irregular and likely to lead to abuses, and by therefore after mature consideration, to submit the following alterations in the Hospital Dietary to the Guardians for their approval -

That a Sixth Diet be introduced as follows: -

Breakfast -	Dinner -	Supper -	Total -
2oz Bread	4oz Bread	2oz Bread	8oz Bread.
1pt Tea	1pt Soup	1pt Milk	1pt Tea - 1pt Soup 1/2pt Milk

That a Seventh Diet be introduced similar to that which I proposed a fortnight ago to stand thus: -

8oz Bread	8oz Bread	8oz Bread	24oz Bread -
1pt Tea	1pt Milk	1pt Milk	1pt Tea, 2pts Milk

That Diet 4 have added to it 8oz Bread so as to make it as follows: -

8oz Bread	8oz Bread	8oz Bread	24oz Bread
1pt Tea	1pt Soup	1pt Milk	1pt Tea 1pt Milk 1/2pt of Soup

That 2oz Bread be taken from Diet 5 so as to make the allowance 16oz for Dinner, i.e. 16oz altogether -

Medical Officers' Reports -

Fever Hospital - N. in Hospital this day, 30 -
 Many think the nurse discharged on the 24th March and whose ward had been closed is again required from the number of cases pressing for admission -
 Required - 6 New Bed ticks - (Ordered)

Workhouse -

Number in the Infirmary this day, 109 -
 "Six graduated medicine glasses, and 24 half pint mugs" were asked for on the 17th March. I should be glad to have the Board's approval to get them ordered - The shelving ordered for the wards has not yet been put up, and the rough Surgery has not yet been begun to be boarded - Something ought to be done if possible to secure better day clothes for the female patients in Hospital who are able to get up."

The Reports of the Master and other Officers were read, and Orders made thereon as follows:

- That he could not procure Potatoes at last market at 11th per stone, and that he has arranged with Thos. Madden to give him a supply at that price - (Approved)
- That in consequence of a deficiency of milk on Sunday last he was obliged to give Tea at supper to the female children -

The following Letters, from the Poor Law Commissioners and others, were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively, as follows:)

From Poor Law Commissioners -

N. 6701/1865 }

N. 6730/1865 }
6th April } Approving of the appointment of Mr. William Young as Rehewing Officer of the Drummore District at a Salary of Twenty pounds a year -

N. 6943/1865 }
6 April } Stating that the Commissioners have received a communication from the Registrar General from which it appears that that strong chest of the Register Office is not yet sufficiently dry for the reception of the Records, &c. and suggesting the use of a brazier to burn coke or charcoal for a time in the strong chest to assist in drying it -

N. 6718/1865 }
6th April }
To Presiding Clerk }

Enclosing the Minutes of evidence taken by Dr. Bibbie with respect to the Complaints made against the Porter of the Workhouse, Patrick Whittaker, by the Roman Catholic Chaplain, Dr. Clark, and the Inmates respectively; and the charges made by the Porter against the Schoolmaster, the Inmate, and the Clerk -

Stating that the whole tenor of the evidence with respect to the Complaints of the Chaplain, the Clerk, and the Inmate proves plainly that Patrick Whittaker is not a person who can, with advantage to the Union, be continued in the office of Porter of the Workhouse - That he has shown a vindictive and malicious disposition towards each of the officers above referred to, and that the Commissioners have accordingly directed the issue of an Order under Seal for his Dismissal -

That with regard to the Schoolmaster, the Commissioners think that his misconduct on the one occasion referred to (Christmas Eve last) may be sufficiently dealt with by their expression of disapproval, in which they do not doubt the Guardians will concur.

That it was clearly shown that there was no ground for the imputation sought to be cast upon the Inmate in regard to some clothing materials, and that the other charges against her do not appear to require particular notice -

That as regards the Clerk the only charge for which there appears to be foundation is that which relates to the employment of two pauper inmates of the House to nurse his children who were in fever, their names not having been struck off the books by the late Workhouse Master - That it is to be regretted that the Clerk did not take the precaution of seeing that the Master discharged his duty in this respect, and that the irregularity is one which ought not to be repeated -

Ordered - That Michael Keys, porter to the Dispensary, discharge the duties of Workhouse Porter per tem., and that the Clerk advertise for a porter - to be appointed this day fortnight, at a salary of £12 a year with rations and a suit of clothes Annually - The advertisement to be published in the two local newspapers -

Read - Resolution of the Board of Guardians of Balrothery Union, with reference to Sir Robert Peel's Bill to provide Superannuation Allowances to Officers of Unions in Ireland -

Read - Resolution of the Board of Guardians of the Cork Union on the same subject -

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was - 11

Ditto, disallowed - - - - - "

The number of applicants admitted to the Workhouse was - 9

The number of cases of provisional Out-door relief was - 5

Do. do., in which relief was continued by the Guardians - - - - - "

The number of other applicants in the Believing Officer's Books relieved by order of the Guardians was - - - - - "

The number of applicants for whom relief was not ordered - - - - - "

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year.)

Produced - No Order made thereon -

Ordered - That Ann Braham get the Clothing of her husband, Patrick Braham, who died in the Workhouse -

Ordered - A pair of shoes to Jack Butler; a pair of shoes & trousers to Mr. Francis, & a pair of shoes to James Connaughton on leaving the Workhouse -

The Chaplain's Book was produced - Receipts for the payments made at last Meeting were also produced and examined -

Ordered - That Thomas Moore be discharged in care of his aunt, the wife of Bartholomew Stoherty of Buttermilk Lane -

Ordered - That the Clerk summon the Visiting Committee to meet on Wednesday next -
