Friday the
Thomas Stack

Clerk of the Union.

at a meeting of the Committee appointed by the Board of Guardians
of the Galway Union "To make enquiries into the state of the
and other matters" held at the Workhouse on Thursday the 7th
of August

present

James Campbell Esq^r and Gustavus Flare Esq^r

The following resolutions were passed.

1. That the stock of clothing at present in the hands of the Matron
is not sufficient for the requirements of the inmates of the
2. That there ought to be two sets of under clothing for each
male and female pauper, with some few extra articles
each set to replace those which may temporarily be
: drawn for the purpose of repair -
3. The Committee would therefore suggest that such a supply
of articles of clothing be provided as soon as possible, as to
enable each pauper to have a clean change of linen every
week and leave a small margin to supply any deficiency
caused by wear and tear.
4. The Committee find that the Matron has made an economi:
: cal use of the clothing which she has on hand at the pres:
: ent moment; but they hope that the Discretory Committee will
examine into the state of the clothing in order that it may be
carefully ascertained what articles ought to be cast and
what used for repairs. The Committee are of opinion that
there ~~are~~^{are} in store a number of articles of clothing which might
easily be repaired and rendered fit for use.
5. The Committee are of opinion that the Matron ought herself
to give out the clean linen every week and to count over the
soiled linen -
6. Articles of clothing made out of the last supply of shirting
were examined by the Committee and they consider that they
have not lasted as long as they ought, and that they are in
a worse state of repair than similar articles which were made

of materials supplied at an earlier date.

7. The Committee recommend that each article of clothing be stamped
with the date of the year and month in which it is given out - into
use.

Totals	4640.4.2	4268.1.10	372.2.4	73.9.8	298.12.8

The Committee made a very careful scrutiny of every item in the lists, and they are of opinion that Mr Kelly has used the

almost diligence in the Collection,
 that he has left nothing outstanding
 which was collectable - Nevertheless
 the arrear is much heavier than for the
 two years; in 1863 it was £203; in 1864
 10, whilst this year it amounts to £290.
 There is but one cause for this increase, -
 the general depression of the town, and
 consequently a greater number of unoccupied
 premises - The abatements of Rate on
 premises occupied for only a portion of the
 year amount to £71:4:10 - The balance
 from that sum to ~~£~~ £298 is almost
 entirely due on empty buildings -

Joseph Gearty
 James Farley
 Joseph Hill

Mr. Wm. Young's Warrants amounted to a
 sum of £620:17:11, out of which he has
 £617:4:5, leaving due £3:13:6 - The Committee
 find that only $\frac{8}{11}$ of the arrear is recoverable
 The following sums due on waste & unoccupied
 premises must be struck off: -

Clarebridge	1:1:2
Crannmore	2:2:5
Stradbally	1:0
	<u>£ 3:4:7</u>

Mr. Wm. Creaven lodged £822:16:4 out of a
 total of £826:10:4, leaving only £3:14:0 due
 which the Committee understand is recoverable
 The Mr. Creaven was not in attendance on
 the Committee believe, to illness -

The other collectors lodged the full
 amount of their Warrants -

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

The following Letters, from the Poor Law Commissioners and others, were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively, as follows):

From Poor Law Commissioners

12/16482/1865.
8th Sept.

Stating that the Commissioners have had their attention drawn to the Circumstance that the Board of Guardians have recently refused to send to the Catholic Institution for the Deaf and Dumb a destitute child who appears to be a proper object for relief in such an Institution on the ground that the annual payment now demanded for each child has been raised to £15 a year -

That the Commissioners are aware that for a considerable time an annual payment of £10 from the Poor Rates was the sum demanded by the Contractors of the Institution for each Workhouse child sent to it, but that they were also aware that this sum was considerably less than the expense actually incurred, and that from documents which have now been laid before them it appears that each person maintained & educated in the Institution costs above £20 per annum -

That the Commissioners have thought it right to draw attention to the fact that the larger sum is much below the expense actually incurred, and that from the very nature of

of the case the training must be more costly than ordinary school teaching and the maintenance more expensive than maintenance in a Workhouse while at the same time the advantages to the children are very great and could not be obtained otherwise than in an institution specially designed for such cases and may fairly be expected to result in eventual savings to the ratepayers -

No. 16868/1865 - Transmitting a copy of a Letter which the Commissioners have received from the Rev. Mr. Ruddy of Inverm, and requesting to be furnished the observations of the Guardians in reference to Ruddy's statement that his name has been struck off or omitted from the list of Markens of the Western Dispensary District -

No. 16458/1865 - Forwarding, for payment by the Board of Guardians, the Returning Officer's account of expenses attending an election for the office of Guardian for Inishmore Electoral Division in the month of August last, amounting to £0: 8: 6 -

Read Letter from Sir Wm R. Wilde M.D. dated 4th Sept., enclosing a ticket for the admission of Mary Tolan to St. Marks Ophthalmic Hospital -

Read Letter from Secretary to Royal Agricultural Society, dated 11th Sept., requesting that, should any disease of a virulent or dangerous character appear among Cattle in this Union, they may be furnished with all available information on the subject -

Read Letter from Miss Conway, Workhouse Matron, dated 15th Sept., requesting leave of absence for a fortnight, and stating that the Matron and School-mistress will attend to the discharge of her duties while she is absent -

Ordered - That 15/ be allowed for the Carriage of Mary Tolan to St. Wilks Hospital, Dublin, and that she be sent in charge of the Workhouse Matron -

Read Letter from Thomas Griffin, dated 15th Sept., requesting payment of £5, balance due on account of his Contract for works.

Ordered. That Mary Naughton and Pat Naughton be discharged from the Workhouse in charge of their Aunt, M^{rs} Fahey.

The Estimate of new Rates to provide for the expenditure of the Union to the 29th Sept. 1866, was submitted by the Clerk.

After considerable Discussion, it was moved by Mr. Clarke, and seconded by Capt. Mare, that the estimated poundage Rates set forth be adopted in full.

The following amendment was proposed by Mr. Somerville and seconded by Mr. Murray, - That at present we do not exceed a rate of 3^d in the pound on the salway Electoral, and that hereafter should a further rate be necessary to provide for the charges of this division, such be provided for by a supplemental rate.

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.
