 out of it and also from the numerous
 applications for relief the more particu-

Resolved

12

That in consequence of the great distance from the Union House of parts of this Union, parts of the C. D. of Millanmin and Cughwand parts of them near 40 miles from it. we consider it most advisable to hold weekly Meetings in those Divisions and by such means prevent the flocking into the Town of Galway of the number of Paupers as it is at present infested with and which must inevitably lead to Pestilence and consequently numerous deaths.

Adjourned at 7 O'clock to meet on to 11 O'clock tomorrow the 21st Inst for the further consideration of Paupers

Letter 25 May 1848 n^o 27568 acknowledging part of the answers to queries transmitted to the P.O. to the appointment of 4 Wardmen in the W. requesting to know what arrangement the Guardians intend to make with respect to the families of those persons - Resolved. That the Guardians trust the Commissioners will approve of the appointment of those persons as Wardmen for the following reasons. 1st as an advertisement was inserted for persons and none could be had the salary being only £5 a year; 2nd from what the Vice Guardians learn from the Master as to the Authority of those persons over the Paupers, they believe that they are perfectly competent and very willing to carry out the directions of the Master both in keeping the house in order and in imposing discipline - the Vice Guardians further beg to say that before the appointment of those persons as Wardmen, the pauper looked on them as persons to whom the Master deputed some share of authority (they being many active persons) and consequently there can be no doubt of their exercising any authority which may be ^{given} to them by the Master of the W. House as to the families of those persons the Vice Guardians beg to inform the Commissioners that one of them viz Stephen Ryan is a single person and that they consider it would not be prudent for some time to take the families of the other 3 off the Books, of the W. House as the trifling salary which they are allowed would not at all be adequate to the support of their families - Resolved. That on Saturday the 3rd of June for the examination of all Bills for Carriage, Streetkeepers wages, massers wages, and Relieving Officers Salaries it is ordered that the most pressing ones should if possible be paid - Resolved. Mr. Egan the Assistant Master who had charge of the work House during Mr. Saubert's illness was called in and asked did he know how this no: of paupers left the Workhouse without being regularly discharged and he stated that some of them must have gone over the wall on Tuesday the 1st August when a disturbance took place in the mess yard on acct: of bread (baked in the room) been given for breakfast instead of the usual but as he had not time during the week to correct the no: in house he was not able to state how many went out without being taken off the Books he also said that being only appointed on the 14th July he was not well acquainted with the rules of the House - The Clerk stated to the Board that since the Master took ill the admissions and discharges to and from the Workhouse were very numerous on account ~~of~~ of those receiving out door relief being taken with the Workhouse and that it is probable some

The Clerk's Report of Vaccination was read - this on the first meeting in every month. Number of successful cases.

The Report of the Visiting Committee was read, and Orders were made thereon as follows -

Masters Report

Master reported that he perceived the Porter of the Workhouse to be intoxicated at 3 o'clock p.m. on Sunday and incapable of performing his duty: - that at 6 o'clock on Sunday evening he visited the Auxiliary Workhouse and found all parts clean and orderly: - that Michael Gill "Wardman" absented himself from his duty on Tuesday last and has continued to do so since, that the Master understands he is unwell but he received no report from file of such being the case that he visited the Auxiliary Workhouse at 10 o'clock this morning 25th and found it all in a satisfactory state the children had Breakfasted and were just entering their respective Schoolrooms: that he required for the use of the house: 1 dozen Sweeping brushes, 2 dozen of floor do. Six dozen of heath Brooms and some materials for painting - Ordered: Resolved. That the consideration of the above reports against the Porter & Wardman be postponed until tomorrow: - " - "

Clerk's Report.

That agreeably to the resolution passed by the Board on the 14th Inst directing that the n^o. of Paupers in the Workhouse should be counted & compared with the n^o. on the Books in order that it should be ascertained what class of persons made up the deficiency (viz 136) and with the view of taking their names off the Books, the Clerk has to say that he has gone over all the Register and Weekly Relief List and abstract Books also compared the names of the Paupers remaining on those Books with the Paupers actually in the House and find that the n^o. of each class remaining on the Books and the n^o. of each class actually in the house on the 7th Inst. were as follows: -

He also has leave to say that nearly the entire of this n^o. must have gone out within the Weeks ending 8th, 15th & 22nd July respectively during which period the adm discharges from the Workhouse were very numerous in consequence of the Vice Guardians giving the Workhouse test to a vast n^o. of persons which were then in receipt of Out-door Relief. The Master was in fever during this period, during the Week ending the 8th July the admissions to the Workhouse were 391. Week ending the 15th July the discharges from the Workhouse were 299 and the admissions 146. Week ending 22nd July the discharges from the Workhouse were 301 and the admissions 76. By this statement of the Admissions and discharges, it will be seen that even if the Master of the Workhouse was in perfect health some paupers might have gone out improperly especially as the discharges were made a little too hastily to make room for the persons who had come in and who were to be coming in from time to time. A Return shewing the names & numbers from each Division of this 137 can

can be given to the Board on tomorrow: 326

The following Orders of the Poor Law Commissioners were laid before the Board and directed to be carried into effect as follows: The further to lay before the Board the following Statement of the quantity of Bread, Indian Meal and New Milk (these being the articles of Provisions used by the four Classes in which the difference existed) that was changed as consumed in the Provision Receipts & Consumption account for each Week since the 17th June by which will be seen that no change was made in this account for any Pauper, that were on the Books and not in the House:

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

charge of £5719. 8. 0. We feel that we should not be discharging our duty to the Rate Payers of the Union if without a remonstrance we were now to impose so heavy a charge for Establishments the necessity for which is loudly questioned by the Rate Payers in the immediate neighbourhood. that from our own observation and such information as we can collect we do not believe that the necessity exists for 5 Hospitals and two Dispensaries in this Union and that we earnestly request the Board of Health to reconsider their Certificates.

Resolved that under the circumstances of the Union we consider that 3 Hospitals will at present be sufficient for the necessities of the Poor. 1 Galway, 1 Moycullen, & 1 Spiddal and one Dispensary at Lettermore and that we think the salaries of the Medical Officers of the Fever Hospitals should be at the Rate of 57^{rs} per day, and of the Medical Officers in charge of the Dispensary £120^{rs} and that we are prepared to offer the appointment of Medical attendants of the Hospitals of Moycullen & Spiddal, to Dr. Colohan the present Medical Officer at £182:10:0 per annum, and Galway to Dr. Colohan at £91:5:0 per annum and to Dr. Donoghue for Lettermore Dispensary at £120 per annum.

And further we are of Opinion that the services of apothecaries be altogether dispensed with.
