Letter from Poor Law Commissioners requesting to be informed of the nature of the alteration in the Workhouse Hospital.

Letter from same requesting to be informed of what order was made to provide a competent nurse for the Workhouse Hospital.

Resolved that advertisements be posted requesting competent persons to offer themselves for the situation of Hospital Nurse on this day fortnight.

Provisional Admissions into the Workhouse, and applications for admissions were considered and decided on, as set forth in the Application and Report Book,

The number of Provisional Admissions confirmed was	-	-	-	-	36
Ditto, disallowed	-	-	-	-	"
The number of Applicants admitted was	-	-	-	-	11
Ditto, rejected	-	-	-	-	8

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

Resolved that the Union be divided into the following districts for the collecting of poor Rates.

- No. 1. — Kilmaedugh Kiivaraa Kiltomas and Kilkeedy.
- 2 — Beagh Killeacanty Killeenavanna
- 3 — Kiltaton Ardraham Killeenew

Resolved that having received only one Tender for the collection of Rates, the further consideration of the subject be postponed to this day week.

Resolved that in consequence of the death of Wrd Tully late Matron of the Workhouse, we advertise for the Election of a Matron, and that in the mean time, Miss Bell Carr be appointed to discharge the duties of Matron until such Election shall take place.

Resolved that the small ward on the ground floor, West side of Infirmary be converted into a Surgery, the present Surgery being entirely too small.

The following Report from the Medical Officer was read.

Got 4 June 1867

To The Board of Guardians

Gentlemen.

I have to report 10 deaths since this day week 2 from fever 7 from Dysentery & 1 from Mesenteric disease. I have in addition to report the death of the Matron (which I do with great regret) from Maculated Typhus fever on the 30th Ult.

The Fever sheds are progressing and will I hope be ready at least the half of them in about ten days, to preserve the Timber from the great heat, I would advise that the roof be covered with canvas previously pitched and tared, and it must be obvious to you this cannot be done after the patients are admitted as no one would be found to run the risk of Infection.

With respect to the privies I would strongly advise the Guardians, at any cost not to lose a moment, in getting them cleaned and purified, and indeed if the admirable Suggestion, contained in Mr Wilkinson's Report, to have them removed altogether to a more distant part of the grounds were entertained, especially those situated in the Idiot and Infirmary Yards, they would have my cordial Recommendation.

I hope the Guardians will at their meeting to day advertise for a properly qualified head Nurse, who can read and write and keep accounts and also have a knowledge of Midwifery, at a salary of from £12 to £20 per Annum, with suitable rations, in no other way can I expect to see the Medicines and diets, duly administered,

there should be also at least four other nurses fairly paid, those under them by continuing the Nations, they get at present, will probably discharge their duties efficiently, - with reference to the apothecary's statement last Board day, relative to a change in the surgery, I hope the Guardians will not separate, without coming this day to some resolution on the subject. - As Fever is so much on the increase there were 10 cases admitted yesterday and as the sheds will be completed in a few days I think it right in time to apprise the Guardians that unless they be prepared to give me an adequate increase of salary, they should be on the look out for a Medical Man to take charge of the Fever Hospital department as I have quite made up my mind not to do so, unless I am properly paid, one valuable officer an irreparable loss to her family has already fallen a victim to one of the worst cases of spotted fever I ever witnessed, so it is high time for me to look to myself and my low family

The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them respectively, to the following effect, (or, Orders made on them respectively, as follows:)

Read letter from Poor Law Commissioners approving of appointment of John Slater as Collector, and disapproving of appointment of Michael Taylor in consequence of his being a Key Clerk,
Resolved that the Board feel with the Commissioners to its utmost extent the importance that persons entrusted with the collection of the Rate, should be able to proceed in that task promptly, and without being diverted from it, by other occupations, but in the instance of Michael Taylor the business he has to transact for the Board of Works as Key Clerk is very small, the amount being only about sixty pounds per week, which will probably cease altogether on the 15 Aug. and from his living in the centre of the electoral division from which he is to collect the rate, his good character the Board consider him as particularly suited to the office of Collector, and

therefore earnestly request the immediate sanction of the Commissioners, to this appointment, to prevent further delay as we are in the greatest distress for the want of the Rate, and have found the greatest difficulty in getting collectors,

Letter from Poor Law Commissioners, enclosing one from the Relief Commissioners in reference to a report from the Suspecting officer of the Union. —

With reference to the above we have called upon our Medical officer for an explanation on the subject who informs us that there is no ground for making such a charge, in as much as he keeps the patients for ten days or a fortnight in the convalescent wards, before they are discharged, —

Perhaps, in one or two instances, there might have been an exception to this general rule, owing to the great pressure on our Hospital accommodations within the last month, but this is by no means a general practice, —

The new sheds are now nearly completed and additional Hospital accommodation will be thereby afforded, so that no person need be discharged until convalescence be fully established. —

Provisional Admissions into the Workhouse, and applications for admissions were considered and decided on, as set forth in the Application and Postmort Book.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

Resolved that extracts from the new Poor Law be printed and posted throughout the Union.

Resolved that the piece of land on the south side of the Workhouse adjoining the New Woodshayhuesky's land, be from this day used as a burial ground, there being no room in the present burial ground for any more interments.

Got Union 25 June 1847

To the Board of Guardians
Gentlemen,

I have to report eight deaths since this day week, 2 from Fever 4 from Dysentery & 1 from convulsions.

The Master has had a very severe spotted Fever, complicated the last few days with a very troublesome diarrhoea.

The symptoms this morning are I am happy to say considerably abated, and altho his case cannot yet be pronounced one free from danger, I still hope for a favorable termination. In accordance with the Power vested in me by the Board on Friday last I have had the benefit of Dr Mulvill's advice on two occasions.

I beg to call the attention of the Board to a notification I felt obliged to address to the Visiting Committee on Wednesday last relative to the burial ground something definitive should be done in this matter this day.

I think the Fever shed, will be ready for the reception of patients next week

May what arrangements is to be made relative to the convalescent patients? It would be extremely dangerous both as regards the future health of the patients themselves, as well as that of the Public generally, were they to be discharged before their health was sufficiently reestablished, and then persons purified from contagion, from the crowded state of the House I see nothing else to be done, than either to hire a house for the purpose or else to erect convalescent sheds, to the rear of the present ones. The present Infirmary as I have mentioned on a former occasion, is much too small for the ordinary cases of the House and must be enlarged. — great numbers of the Paupers are in a deplorable state for the want of clothing, I understand there is a good supply in store, so there ought to be directions given to the Porter at once to have this defect remedied, some arrangement should also be made with reference to providing a place, for the clothes of such as come in with fever, having been previously cleaned and purified, at present they are scattered about in the Hospital Yard, to the great danger of the attendants, and those of any value stolen or otherwise taken away. I have frequently brought this matter under the notice of the Board.

I remain Gent your obedient

Martin D Nolan M.D.

P.S.

with reference to the position of the fever sheds

to which you are aware I so strongly objected, I would advise that the privies on the male and female side of the Infirmary Yards, be cleaned fumigated and closed up and that others be opened at a safer but convenient distance from the sheds, the wall bounding the sheds should be removed to give more space and a freer current of air, I beg to remind the Guardians that no step has been taken to provide a competent fever nurse.

Mr Werry having applied for a cheque for account of bread delivered.

Resolved that a cheque be drawn on our Treasurer in favour of Mr Werry for £109 on account of bread delivered.

Resolved that having received a letter from the Chaplain stating that he is not disposed to continue the duties of Chaplain any longer, unless the Board do increase his salary we direct that a copy of his communication be forwarded to the Commissioners for their opinion.

Govt Workhouse
16 July 1847

To The Board of Guardians
Govt Union

Gentlemen,

I have to report since this day week, 6 deaths from Fever 7 from Dysentery, 2 from a Sarcina, or general Dropsy and 1 from Consumption.

I have so frequently drawn the attention of the Guardians to the subject of Nurses, in connection with the proper working of the Establishment, that nothing but a sense of its importance could induce me to bring the matter again under your notice. I have already told you that you would require four fairly paid nurses, for the fever wards, in addition to a competent head nurse thoroughly conversant with the treatment of Fever patients, whose duty it would be, to superintend the distribution of diet, and the administration of remedies, to see that the patients are duly taken care of, and the directions of the Medical Officers fairly carried out, of course she should read and write, and know how to keep accounts, to obtain the services of a trustworthy person of this description, you must give a proper salary, it is a situation of great trust and usefulness, and unless you give adequate payment, you will not be able to procure a competent or faithful person. I would also advise that each fever

Nurse be supplied with two Ward maids, at a reasonable salary, it is quite idle to expect, that laborious dangerous and disgusting duties will be performed without some remuneration, unless I am furnished with a proper staff, competent to discharge the duties entrusted to them, I beg to wash my hands from all responsibility in the matter. I tell you candidly that unless your officers are paid they won't work. I regret to say the whole house presents a scene of great confusion & insubordination, arising from the want of proper superintendance and classification, which calls loudly and promptly for your interference. —

Govt Workhouse 23 July 1847

To the Board of Guardians Govt Union

Gentlemen I have to report 21 deaths from the 15th to the 22nd Inst. 10 from Fevers and 11 from Dysentery. —

admissions in fever during same period	38
discharged cured	22
Died	10
Remaining in Hospital	141

I have to observe that the privies are in a bad state of want of being cleaned, and that the effluvia arising from them is most injurious to the health of the inmates, particularly in reference to the patients in the fever shed, which lie between the privies of the idiot yard, on one side, and those of the infirmary on the other. I have long since drawn your attention to the necessity of providing some stone for the clothing of patients admitted in fever, at present as I have told you in my report of the 25th Ult. they are lying in the space between the sheds and the infirmary full of vermin and contagion, and those of any value stolen or otherwise made away with, thus propagating the disease and leaving the patients to whom they may belong, without any clothing when fit to leave the House, these should likewise be doors put into the doorways leading between the infirmary and sheds, so as to cut off this communication except at stated periods, as much as possible. — I remain Gentlemen

Your obedient servant
Martin O'Neil M.D.

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them respectively, to the following effect, (or, Orders made on them respectively, as follows:)

Letter from Poor Law Commissioners 17 July 1847. Giving their sanction to the appointment of Michael Taylor as Rate Collector, on the terms proposed, Mr Taylor having relinquished his office as Pay clerk under the Board of Works.

Letter from same 22 July 1847. Stating that they will not object to the increase of the R.C. Chaplain's salary to £50 per Annum.

Circular 16 July 1847 giving Instructions respecting Relieving Officers, and directing advertisements for appointment of such officers.

The Chaplain attended the Board, and the letter from the Commissioners respecting his salary was read to him, when he stated he would send his answer in writing.

Resolved that an advertisement be inserted in the General advertiser, calling upon persons to propose for the office of Relieving Officer in each Electoral division of the Union. Salary not to be less than £35 per Annum to each, solvent securities will be required for the performance of the duties of the office, which will be explained by the Clerk of the Union, no one need apply unless he is thoroughly conversant with accounts.

James McKeeney
Bakery Gort.

In consequence of the foregoing and the deplorable state of our Funds mainly attributable to our having been urged into our workhouse, before we had any rates collected to meet the enormous expenses consequent thereon, — we your Finance Committee have thought it advisable to lose not a day in thus calling you together, as speedily as possible, and through you to lay before the Commissioners, some facts that are now too apparent, and from which if we do not by some means get speedy relief, we have no other course than at once to close the doors of the

^{upwards of 178}
workhouse, we have a deficit of three thousand pounds, There are 60 Paupers over the number for which the House was originally built, a bill passed by some of the Guardians to the Treasurer for £500. to raise funds, becomes due the 1st of August, and you have no means to meet it, you have laid on a heavy rate of upwards of £3000. but how is it possible to collect this at present, or at all, until the harvest shall have come in, and become marketable, and even if collected, would no more than meet your liabilities to this period. —

Gort 27 July 1847

Edmund Finane
Chairman Committee

Resolved that it is with sincere regret we find by the report just read from our Finance Committee, that the supply of Provisions for the inmates of our workhouse (heretofore supplied on credit) is about to cease in consequence of our having no funds, to meet the increased demand on us, although at present we are being supplied with bread at a loss to the Union of upwards of £15 a week, beyond the price that we should pay, had we funds. —

Resolved that a copy of the Finance Committee

Report be forwarded to the Commissioners, requesting that if possible, they will obtain for us, funds to meet our present extreme emergency, as speedily as possible.
