The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Resolved— "That the Master be allowed the same remuneration (£5) as in 1881 for taking the Workhouse Census and that the consent of the Local Gov. Board be requested to its payment"

The Guardians accepted Mr. J. B. Kennedy's tender to supply 130 tons best Scotch Coals subject to conditions of advertisement at Twenty Shillings (20s) per ton and any further quantity that may be required to 1<sup>st</sup> July 1892 at same price.

Resolved Unanimously:—

"The Board of Guardians again desire to draw the attention of the Government to their resolutions of 7<sup>th</sup> and 21<sup>st</sup> Feb<sup>r</sup> relative to the condition of the poor and the want of employment in the Union.

They think further inquiry should be made into the matter and from their local knowledge the Guardians are convinced of the great necessity that exists for affording employment in many parts of the Union. They are at present giving out door relief to persons not legally entitled to receive it in order to afford them the necessary means of support, and if some work is not provided they will be compelled to give it on a larger scale.

The immediate attention of the Government is requested to this matter."

Clothing not exceeding 4<sup>s</sup> was ordered for Edw. Donohoe.

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.
