A receipt for a Probate Duty Grant of £372.14.6 was this day signed.

The Master was granted one week's leave of absence during which time the Matron aided by the Porter will discharge his duties.

James Shiel, <sup>Mary O'Donnell</sup> and James Farley were each allowed a pair of boots or shoes respectively.

Resolved — That owing to the present unsanitary and dilapidated state of the Galway Infirmary, the Board is of opinion it is the duty of the Local Government Board or of the local governing body of that Infirmary to have it put into a proper sanitary state and all necessary repairs completed before being taken over by the Board of Management of the several Unions of this County.

This Board considers it a great hardship and an injustice to the Ratepayers of the County to be called on to put into a proper state of repairs and sanitation an institution over which they had previously no control; and it also considers that the authorities of the Queen's College, Galway, should be called on to contribute to the support of this Infirmary as they derive material benefits from it as a clinical school for the medical students attending the College.

Five or six yards of Linolium were ordered for the Surgery.

Ordered - That Pat O'Neill a pauper in the Infirmary be allowed to take his discharge from the Workhouse leaving his three children after him, but at the end of a fortnight that he take out the two eldest leaving the other in the House.
