not been taken since September 1897 and the Board draw attention to the requirements of Article 64 (24).

It appears that the Relieving Officers do not report as to the attendance at school of the children boarded out in their respective districts and the Board are informed that the Inspector has submitted for the consideration of the Guardians a form which it would be convenient for these Officers to use in future.

It is also stated that some of the window frames require painting on the outside.

Ordered — "We have frequently called the attention of the Rate Collectors to the backward state of their collections and gave time until the 1st June by which date they promised to have good lodgments made."

Slack will be taken in September next by Mr Hoyle at the usual remuneration of £2.

The farms suggested by Major Jais for Relieving Officers report on children at nurse will be provided immediately.

The Master will get the painting of the windows completed."

Clothing not to exceed 5/- was allowed to Christy Henderson.

Ordered - "Let the Relieving Officer explain the circumstances under which the man referred to was admitted; but the Board considers that the Relieving Officers under ~~any~~ any circumstances should not admit any person from another Union to this House unless in cases of extreme urgency."

From same dated 26th inst requesting that they may be informed under what circumstances the boy referred to in the Minutes of 13th inst was sent from the Workhouse to Lettspark Industrial School.

Ordered - "The Boy's Grandmother (who was also an inmate) took him out of the Workhouse and he having been afterwards found begging was committed to the Industrial School. Having very bad clothes the Guardians provided him with a suit. The Mother is in America."
