..... The collection of the Rates should be pressed forward and if the Guardians give any extension care should be taken to inform the sureties of the Collectors of such being done. The first instalment of the Poor Rates has been paid to the Board of Works and on the 25th March there was a credit to the separate account in the Bank of £338:7:7 and since then about £180 has been lodged: this however is for short of the £943 which has to be paid on the 1st August, and the Guardians should make the Collectors use every exertion to get the amount required paid in the course of next month

Letter from Local Gov Board dated 11th inst requesting to be furnished with full particulars of the circumstances under which the Guardians, on the 5th inst, ordered payment of seven shillings to John Carby to take Bridget Connolly to the Workhouse of Loughrea Union.

Ordered—
 "I am inquired they made into this case the Guardians found the woman referred to was a native of Loughrea Union. She had been an inmate of this Workhouse for 8 days and then voluntarily took her discharge but at the Board meeting on the 5th inst applied for readmission. The Guardians then decided to send her to her own Workhouse as they have been burthened with several similar cases lately. The woman is supposed to be near her confinement."

A draft for £87. 12. 1 made of Probate Duty Grant for year ending 31st March last was received and receipt signed.

Letter from Local Gov Board dated 18th inst stating they have had before them the abstracts of Rates collected & lodged in the Union from the 17th June to the 15th ulto from which it appears that scarcely any progress has been made in that time with the collection of Sess Rates; and that a large amount of Poor Rates remains uncollected in Collectors Corbett and Hoyle's Districts. They also observe that the latter Collector has not attended for the examination of his Books since the 9th June last.

Attention has frequently been called to the dilatory manner in which these Officers discharge their duties and the Board think the Guardians should now consider whether they should be entrusted with the collection of the said Rates.

Ordered—

The Guardians believe the Collectors are doing their best to get in the Rates but owing to the difficulty of disposing of Stock they think it is almost impossible to make satisfactory collections at the present time. The Board have every confidence the greater portion of both Poor & Sess Rates will be collected now that the harvest is coming in. The Collectors Books have all been checked to a late date.
