The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

Mr. P. J. Neilan gave notice that on this day fortnight he will move that the new Rate agreed to for the Govt. Electoral Division be reduced by 1 in the £.

Ordered — Mr. Hardiman to require Mrs. Byrne to bring to the Workhouse on this day fortnight, the two children named Rooney she has out at nurse.

The Board adopted a resolution of the North Dublin Guardians pressing the Government to bring in a Bill for the re-instatement of the Evicted Tenants; also a resolution of Mountmellick Guardians as to the admission of the Christian Brothers to a share of the Parliamentary Education Grant.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Read Letter from Local Gov. Board dated 2nd inst. stating that all communications hitherto received by them with respect to the Govt. Convent School has been confined to a proposed Grant in aid of technical and manual instruction under the Act of 1889.

The letter of the Department of Science & Art has reference to the course to be adopted for the purpose of obtaining aid from that Department for instruction in the branches of science and art. If such a grant shall have been obtained the School will then be in receipt of aid from the Department within the meaning of Section 1 (a) of the Act of 1889, and (other necessary conditions being

fulfilled) the Guardians can grant assistance in aid of technical and manual instruction; but the express terms of the sub-section prevent the Guardians from making any grant to a School not in receipt of aid from the Department. The granting of aid for the teaching of science and art rests altogether with the Department.

Ordered — "Referred to Mr. Glynn for reply"

Imm. same dated 3rd inst. pointing out that the practice of keeping fowl by the Officers on the Workhouse premises is objectionable and ought to be discontinued.

Ordered —

"Permission is granted to keep half a dozen fowl on the Workhouse premises for the benefit of all the Officers."

Imm. same dated 3rd inst. requesting that a report may be obtained from the Master as to the circumstances under which the child named Bridget Deely was admitted to the Workhouse.

The Master reported:—"That the child named Bridget Deely was admitted to the Workhouse 14th April last by Relieving Officers Hardiman, when 2 days old, on the recommendation of the Guardian for the Division, the father having no one to care or nurse it after the mother's death, and the Guardians confirmed the admission at their next meeting"

A supply of medicines was ordered for the Workhouse Hospital.

The Clerk reported that the extended time allowed to the Collectors for completion of their collections expires this day.

Ordered — "The Guardians regret the Collectors have not been able to close their accounts by this date as anticipated. They are, however, aware the Collectors are making every effort to get in the money — by seizures, summons, and process — but with very little result owing to the poverty of the greater number of the persons now owing Rates. Under the circumstances the Board are disposed to give a further extension to the 9th December on which date if the state of the collection is not satisfactory they will hand the matter over to their Solicitor"

Ordered — The Master to furnish a list of all children in the House who have been admitted without their parents, and the Relieving to give information as to the circumstances under which they were admitted, and similar information as to the children out at nurse.

A draft was received and receipted for £1524 1 9 on account of Probate Duty Grant for the year ending 31 March 1894.

The Rate Books and Collectors Warrants were this day signed

Read letter from Local Gov Board dated 8th inst. stating that on the 18th ulto. Collector Corbett had £226 Poor Rate and £113 Seed Rate uncollected while the amounts which remain outstanding in Collector Hoyle's District were £157 and £47 respectively, and having regard to the fact that these Officers have held their warrant for almost 12 months the Board desire to inform the Guardians that they cannot permit this state of things to continue and if the Collectors do not at once close their accounts in a satisfactory manner they will consider the question whether these Officers should be permitted to remain in office any longer.

Ordered —

"The Guardians think that having regard to the difficulty of collecting rates owing to the poverty of the greater number of the persons now in arrears the Collectors have made an average collection. The total amounts of Poor and Seed Rate now outstanding are £417 and £183 respectively, while the amounts for the corresponding week of last year were £463 and £139, and the Seed Rate now includes £100 arrears of the 1st instalment. The Board have in mind the poverty existing in the District of Collectors Corbett and Hoyle especially, and while regretting the Collectors have not done better they think it advisable not to delay the collection of the new rate any longer, and they therefore direct that the arrears be brought into the new books and a list of such for each Division, handed to the Guardians to be compared periodically with the new lists which they will require to be furnished"

Letter from Local Gov. Board dated 8th inst requesting that the balance of the 2nd instalment of the Suid Loan (£260) may be paid without further delay.
Ordered -

The amount will be paid with the least possible delay.
