A very numerous meeting of the Guardians of this Union held on Friday the 15 day of Nov 1844

W^m Lambert Esq in the Chair

The following Resolutions were adopted in reference to the 41st article of the General Regulations of the Poor Law Commissioners dated 5 June 1844.

Proposed by Daw McKeon
Seconded by Rob Gregory & -

That deeming it consistent with reason and justice that those who have the appointment and payment of their offices, should alone exercise controul over them we consider the power claimed in the 41st article of the General Regulations of the Comm^y both arbitrary and oppressive.

Resolved Unanimously that we most strongly protest against the assumption of such arbitrary power by the Comm^y as being calculated to render the poor Law, already unpopular, still more odious and detestable to the people of Ireland.

Resolved that we approve of the principle acted on by the Limerick Board of Guardians, and that while we refrain from following their example by resigning our office we do solely from a desire of giving the Law (defective as it is) a fair trial and of meeting the engagements already contracted by us as Trustees on behalf of the Electors.

That if the Comm^y persevere in upholding the aforesaid regulations we will at a convenient time

consider the propriety and expediency of resigning our trusts.

Proposed by James Mahon & seconded by James Laffey

Resolved that the foregoing Resolutions be printed and a copy forwarded by our Clerk to the Board of Guardians of the several Unions in Ireland and also to Sir Robt Peel & other of her Majesty's Ministers.

Resolved that Guy Armstrongs Tender to supply Oatmeal for 12 months at £11 per Ton be agreed to.
