The Medical Officer handed in the  
following Report.

Govt Workhouse 14 July 1857

To The Board of Guardians  
Gentlemen.

In accordance with your desire I have  
attentively considered the subject of Workhouse  
accommodation with a view of making it as  
available and extensive as possible and the  
following arrangements appear to me to be  
the best under existing circumstances that  
can be adopted, I do not mean to say that  
they are in every respect as satisfactory as  
could be wished, but after considerable  
reflection on that matter they are the  
least objectionable I can suggest.

1<sup>st</sup> I am disposed to recommend that the  
main house be entirely appropriated to  
the able bodied women.

2<sup>dly</sup> that so soon as the arrangements  
at Fairy Hill be completed including the  
enclosures in progress, be occupied by  
the men, including the able bodied and  
Suffering classes, as also those engaged in the  
trades of shoemaking Tailoring & Weaving.

The way I would manage is this, I would appropriate  
the two end sheds, as dormitories for the able bodied  
including the Suffering Class, which would accommodate  
400. the centre shed I would appropriate as  
day room accommodation, the large centre  
ward for the able bodied, one of the end wards  
for the weavers, and the other for the Tailors  
and Shoemakers, In this way I would provide  
for all the men, and increase the accommodation  
for this class by nearly 150 as regards the  
present number in the House.

3<sup>dly</sup> By appropriating the main house and  
the Kilmorra shed to the use of the Suffering  
to the women you will be able to accommodate  
with safety 1200.

4<sup>thly</sup> By appropriating the Sawm House &  
Wmick Keane's store to the Boys you will be  
able to accommodate 400 of this class.

5<sup>thly</sup> With respect to the girls by allocating  
Mr Lahiff's house, Mr Slater's Mr Wells and Mr  
Davis Keane's Store you can accommodate  
1000.

6<sup>thly</sup> the Nursery is estimated to contain  
only 100 but I have frequently seen it contain  
150 without any injury to the Suffering.

7<sup>thly</sup> The Suffering Buildings will  
accommodate 200 and the Fever Hospital  
56. Total 306.

Making a general Total of 3456.

8<sup>thly</sup> I am opposed to the occupation of the  
sheds on Fairy Hill by the Boys and girls  
from 9 to 15 years of age for two reasons,  
1<sup>st</sup> because you will lose a great deal  
of your accommodation by a division in

this way & you should still retain the auxiliaries for the remainder of such boys & girls as could not be accommodated at Fairy Hill & I think because I think a proper classification could not be enforced, which would be very objectionable and which I fear at the ages referred to might lead to immorality. I think it also right to add with reference to the agricultural training of the boys from 9 to 15, no objection can exist to the arrangement I propose, as they can be marched up and down every day from their auxiliary house to the farm.

The above arrangements will give accommodation as follows,

Sheds at Fairy Hill	Men	400
Main House	Women	1200
Sawn House & Store	Boys	400
Auxiliaries	Girls	1000
Nursery		150
Infirmary & Fever Hospital		306
<b>Total</b>		<b>3456</b>

I have the honor to remain  
 Yours truly  
 Martin D. Nolan M.D.  
 Medical Officer

Resolved that the report of Doctor Nolan this day be adopted by the Board, and that the master be directed to carry it into effect as soon as possible.
