Sir

The Poor Law Commissioners transmit  
to you herewith the accounts of the Contractors  
for building the workhouse of the Longhrea  
Union together with a Copy of the  
Architects Report thereon and a Statement  
of the Loan already obtained and of

desire to call the attention of the Board

the Guardians to take the necessary steps  
in the matter at once in order that the  
work may be proceeded with before the  
winter

By order of the Board

To the Clerk of  
the Union Longhrea.

Arthur Moore  
Chief Clerk

Longhrea Union

Poor Law Commission  
Office Dublin 2 Sept. 42

Gentlemen

Accompanying is the account  
for the Fixtures and other works executed  
by Mess<sup>rs</sup> Cockburn in addition to their  
Contract for the erection of the Longhrea  
workhouse. the total amount of which  
is as follows

Am<sup>t</sup>

Am't of Contract £6,960: " "

Am't of acc<sup>t</sup>. for add<sup>l</sup> works & fixtures fittings &c } 1510: 1: 10<sup>4</sup>

£ 8470: 1: 10<sup>4</sup>

Am't of Instalmt<sup>s</sup> paid 8100: " "

£ 370: 1: 10<sup>4</sup>

The works comprised in the extra account consist of the Sev<sup>l</sup> Grates & Stoves, Boilers in the Kitchen & Wash House with the Brick work & Complete. The Sev<sup>l</sup> dressers & Shelves. The Bed & Frame Rails & foot Boards for the Bed Steds, the alterations of the Floors of the Lavatories for the Construction of Sleeping platforms add<sup>l</sup> walling in the foundations & Drains of greater extent than was promised for by the Contractor together with several minor items detailed in the account which has been carefully examined with reference to the Contract and the prices have been adjusted in accordance with its provisions.

I have to certify that the Contractors are entitled to the am't of this acc<sup>t</sup>. Subject to the deduction therefrom of the sum of £9,11:2<sup>s</sup> being the am't of the last payment made to the Clerk of the works which it was determined to charge against the Contractor in consequence of his duties having been prolonged beyond the usual period, and during this time he was employed in superintending the completion of works which the Contractor had not duly finished.

I have to report generally that the building has been executed satisfactorily, but I am of opinion that some further outlay of moderate amount may be required for protecting some of the exposed portions of the Building with Roman Cement or Plaster Lashing, and I am of opinion that the best course for doing this work will be for the Guardians to obtain local proposals for its execution as it is unconnected with the Building Contract and the necessity for its performance does not arise from the Building having been imperfectly executed by the Contractors:

I have the Honor.
