Resolved That we approve of the said report when necessary and that we shall be ready to adopt the suggestions of the Commissioners relative to additional accommodation for the sick poor in the House

Resolved That the quantity of Molasses Mr Edmund Kerrett has purchased at £2 free Cwt and that two Purchases be ordered from Dublin

Resolved that we the Poor Law Guardians of the Longmea Union highly approve of the principle so ably advocated in the House of Commons by Lord George Bentinck in proposing the Construction of Railways for Ireland feeling convinced that such employment judiciously undertaken would be much preferable and more productive than the present system of "Public Works". We especially point out to a line of Railway in our locality namely one from Dublin to Salisbury which has already been before Government Parliament and in the present state of destitution we most earnestly pray Government to make grants and loans of money to attain this object, and also the pray aid to Railways in Ireland generally where similar results are sure to ensue which will add to the trade revenue and general prosperity of the Country.
