Letter No 12043 dated 1st May 1856

The Guardians directed that both these collectors be informed that their collections shall be in such a state by

this day fortnight or shall give satisfaction, proceedings will be instituted against them.

Read a letter from the Clerk of the Portman Union enclosing copies of correspondence which lately passed between the Guardians of that Union and Pallinastoe on the subject of the expenses of the prosecution of certain collectors of old rate in Pallinastoe for embezzlement, — a proposition of which the Guardians of that Union seek to charge upon the townlands transferred from the old Union of Pallinastoe to other Unions.

The Guardians deferred giving any opinion as to the right of the Pallinastoe Guardians to do so until they learn the grounds upon which they have so decided, — they directed that application be made to the Clerk of the Pallinastoe Union requesting to be informed of the amount of rates, the property of townlands transferred to this Union, at present in their hands specifying the townlands and the amount collected off each, — as also the expenses incurred in its collection, distinguishing the poundage fees allowed and the costs of civil actions incurred in its recovery, as well as the particulars townlands, in the collection of the rates of which, such costs were incurred, the date and result of the prosecution above referred to, the authority by which it was instituted, the expenses incurred in same the mode of charge adopted, and the proportion which they seek to make chargeable off townlands transferred to this Union — also the names of the divisions for which parties prosecuted, acted as collectors and whether the Crown interfered, or were applied to, to aid in the prosecution.

A report was read from the Agricultural Sub-Inspector of the National Board of Education stating that "the farm cultivation is in a very forward and satisfactory state" and the work seems to be performed in a very careful and efficient manner" and that he would recommend the Master to the National Board for a gratuity, he suggested that more attention be paid to the scientific rotation of cropping that the agricultural class may see the theoretical instruction given them, reduced to practice.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:

The Bye meal supplied to replace the meal rejected last week is not of the best quality and as there has been only a portion of the order received it would be well to write to the contractor to supply a better article.

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them respectively, to the following effect, (or Orders made on them respectively as follows:)

Circular No 179 dated 7th July

Intimating that four copies of the Commissioners' 9th Annual Report have been transmitted by Post They were duly received

Letter No 18253 dated 5th July

Recommending the guardians to consider the propriety of putting collector Garrett Burke's bond in suit as the amount of his arrears shown by weekly abstracts of 28th ultimo is yet very considerable

A lodgment having been made by Mr Burke since the above date and the amount of his arrears being reduced nearly to an equality with some of the other collectors, the guardians did not think it necessary to take the steps suggested by the Commissioners, they directed that all the collectors be called on to complete their collections

Letter No 18568 dated 9th July

Approving of the appointment of Mr Michael Kinnear as rate collector on the terms specified

The warrants authorizing him to make the collections were this day signed, - to be handed over to him on the completion of his bond

Collector James Grogan was in attendance in compliance with the directions of the Board to explain his conduct in reference to the complaint made against him by Mr Barton R. D. Perpe, as was also Mr Perpe

It appeared that on the 18th of April Mr Perpe, in immediate reply to Grogan's first direct application, (the terms of which Mr Perpe complained of) forwarded by hand to the collector his cheque for the amount of his rates and for which he received neither receipts or acknowledgment until the 28th June, altho' he had sent more than once for them

An examination of Grogan's abstract book and receipt books showed that the money was duly accounted for and lodged with the Union Treasurer on the following day, the 19th April

Grogan stated that Mr Perpe's messengers had not applied to him for his receipts and denied having made use of the impertinent expressions of which Mr Perpe's messengers had charged him, but he was unable to satisfy the Board by his explanation or justify his omission in not having given Mr Perpe's messengers the receipts at time of being handed the cheque or not having forwarded them immediately either by hand or post, and Mr John W. H. Lambert moved that the Chairman do administer a severe reprimand to Grogan for his improper conduct in addressing Mr Perpe an impertinent and unnecessary letter and withholding his receipts so long without a justifiable reason and that the censure of the Board be recorded against him

The motion was unanimously agreed to and the Chairman complied

Number of successful cases:

The Report of the Visiting Committee was read, and Orders were made thereon as follows:

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:

In the absence of a contract for turf, I would suggest the necessity of buying in, at least, a portion of the year's stock of turf while it can be procured at 8^d of box, the balance can be contracted for as was the case in the past two years, but the class of persons who supply now at 8^d require their money weekly if not on delivery, — I am aware that this course of market purchase is not satisfactory to the board nor is it at all relished by me, affording as it does, opportunity for doubts as to the proper disposal of the moneys so laid out, but my object in continuing to recommend this mode of purchase is a necessity as well as to secure a saving of 3 or 4^d of box which experience has shown can be done by adopting this course.

It was directed to purchase 100 boxes

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

The following Letters from the Poor Law Commissioners and others were read by the Clerk and directions given to answer them respectively, to the following effect, (or Orders made on them respectively as follows:)

Read, letter from the Commissioners of National Education intimating that they had awarded a premium to the Master of the Workhouse for his services in giving agricultural instruction to the boys of the school

Letter dated 16th July, from Mr. Michael Stannard stating it would be most convenient to him if allowed to postpone the completion of his bond as poor rates collector until after the Adverses.

Read letter from Mr. William Daniel of Dublin claiming a sum of £1-15-11¹/₂ said to be a long time due.

On inquiry by the Board it was ascertained that in the month of June 1854 a bill was furnished by Mr. Daniel the items of which were principally composed of charges for samples sent for the inspection of the Board on the occasions of their receiving tenders for supplies — such of the samples charged for as were then found in the house were returned to Mr. Daniel and those which were not found were paid for by the guardians at the time, on the assumption that they had fallen into use in the house.

Mr. Daniel subsequently furnished a duplicate of the bill already disposed of as above stated, at foot of which he gave credit for cheques received and a portion of the articles returned and showed a balance due him which he now claims.

The examination of the bill, and the statement of the master showing clearly that Mr. Daniel's account was already fully paid off, the guardians refused the application.

Michael McCully tendered to paint the windows doors &c on the following terms was accepted:

Windows inside and out one coat of paint, and two coats the weather side @ 4^s each, doors including lettering and painting in like manner 8^s each, all the gates with two coats of paint @ 4^s each, all the well shoots down pipes and rafter heads @ 5^s each, the materials being provided by the guardians.

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was

Ditto, disallowed

The number of applicants admitted to the Workhouse was

The number of cases of provisional Out-door relief was

Do. do. in which relief was continued by the Guardians

The number of other applicants in the Relieving Officer's Books relieved by order of the Guardians was

The number of applicants for whom relief was not ordered

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year.)

The Guardians beg in reply to state that it is on their failure in procuring turf in the mode therein pointed out, when advertisements for tenders having being issued without effect they have had recourse to the one now adopted, and as it appears a market purchase it is only obtaining from parties, who prefer to take a contract or remain for any time out of their money, the necessary supplies at a

stated price

They beg further to add that the 17th article can not properly be said to bear upon the matter in as much as the consumption of turf one month with an other does not amount to £10 of month

Letter dated 4th August, from Mr James Martin, former Auditor intimating that he will attend on Wednesday the 13th inst to audit the Union accounts

Read Letter from Mr. Bernard MacDonnell asking the Guardians to assist in the emigration of a boy named Patrick Murray aged 14 years, chargeable to the Union at large who is in the house for the last six years, - his friends in America having sent some money to enable others of the family to emigrate, and a portion of which can be applied to defray the expenses of this boy

The Clerk reported that in pursuance of instructions given him on the 23rd August last he had surrendered the house used as a dispensary in the town of Douglas and procured three rooms in a house in Pigotts Lane from Mr William McFarthy for which he had agreed to pay £3 of annum, he had also made arrangements with a sergeant on the staff of the Galway Militia by which on his being allowed the use of apartments free of rent, the sergeant will undertake to discharge the duties of dispensary porter.

The guardians approved of the terms on which the house had been taken, and also of the arrangements made with the staff sergeant to act as porter.

The estimates of medicines referred to on minutes of the 9th ultimo also in Commr's letter N^o 220824 of the 20th having been returned by the Medical Officer of the Woodford district signed by the Committee of management, and it appearing to the guardians that the lists contained many drugs not included in the Commr's list of medicines proper to be supplied to dispensaries also that the quantities generally asked for exceeded the quantities which a monthly or quarterly estimate should contain, directed previous to their ordering the medicines that the lists should be referred to the Medical Inspector for examination.

Recommending, as Guardians have failed in securing a contract for executing the repairs necessary to be done to the roofing of the house, that Mr O'Brien of Longhrea be applied to, who, the Comm^r understands, would undertake to do what is required at the Workhouse at a reasonable amount

The Guardians directed that Mr O'Brien be requested to view the repairs necessary, and to state the terms upon which he will undertake to do them

Letter N^o 25188 dated 22nd Sept.

Transmitting to be laid before the Board of Guardians, with a view to obtain the Relieving Officers explanation and the Guardians observations thereon, an extract from the Minutes of proceedings of the Galway Board of Guardians on the 19th ultimo

The Extract referred to contains a report of the Relieving Officer of the Galway district to the effect that Bridget Lopez, aged 70. Widow, a native of Mullinahill in Connemara went to reside with her son, a boy aged about 16 years, who was employed on Bunkellin drainage in the neighbourhood of Longhrea, - While so resident, in consequence of her having become ill she was refused lodging any longer in the neighbourhood, and her son stated that having applied to and been refused admission for her, to the Longhrea Workhouse by the Relieving Officer at Longhrea, he was obliged to carry his mother on his back to Galway where she was provisionally admitted to the Workhouse in a dying state

The Board had the Relieving Officer called before them and having examined him, have ascertained on his statements, that the boy did not make any direct application for the admission of his mother to the Workhouse but rather expressed a wish that she should be removed to Galway and on being informed by the Relieving Officer that he had no power to do so, the only means of relief at his disposal being to admit her to the Workhouse, the boy replied, such being the case he would himself have her conveyed to Galway as he had plenty of money to enable him to do so

The Board having heard and believed this statement of the Relieving Officer do not consider that any blame is attachable to him in the matter

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.
