### Conamara Greenway

A total of €3,355,000 funding has been allocated in 2025, by Transport Infrastructure Ireland for the Conamara Greenway. This allocation is to finish sections of Clifden to Recess section already under construction and for design works on the section from Recess to Oughterard along with progressing the Galway to Oughterard section to planning.

## Clár Bóithre - Roads Programme 2025

Due to the complexity and scale of the 200 km long preferred route for the Galway to Athlone Cycleway, it was agreed in early 2024 with TII and the participating Local Authorities to progress as two separate schemes east and west of the 3km Waterways Ireland section of greenway constructed along the preferred route between Portumna Castle and Portumna Bridge.

Scheme 1 is to the west of the Waterways Ireland greenway section at Portumna, the preferred route is 114km in length between Portumna Castle and Ballyloughane.

Scheme 2 is to the east of the Waterways Ireland greenway section at Portumna, the preferred route is 83 km in length between Portumna Bridge and Athlone Castle, including the link to Ballinasloe.

Scheme 1 is being managed by Galway County Council and Scheme 2 is being managed by Westmeath County Council.

A Tender Process which set out to establish a Framework from which further Call-Off Contracts could be tendered and awarded through mini-competitions was concluded. The Framework with 5 No. Consultants was established and this can be used by either Local Authority who will be responsible for the procurement of consultants for their own respective Schemes.

The Project Office continued to progress with landowner liaison and the preparation of the call-off tender documents

## GRANT FUNDING OF REGIONAL & LOCAL ROADS

The grant allocated to Galway County Council for the Regional and Local Roads in 2025 is €43,650,160, an increase of €3,723,860 on the 2024 allocation.

2024	2025	Increase
<b>€39,926,300</b>	<b>€43,650,160</b>	<b>€3,723,860</b>

The priority is to protect the existing road network, and the investment made in it over the last number of years. The total grant allocation of **€43,650,160** for Regional & Local Roads is broken down as follows:

<b>Improvement Works</b>	<b>€ 38,317,660</b>
<b>Maintenance Works</b>	<b>€ 5,332,500</b>

### Restoration Improvement Programme (RI)

The RI Programme continues to be the focus of the regional and local roads programme. An overall amount of **€22,651,500** has been provided under the 2025 Restoration Improvement Grant.

This is the strengthening programme and again is hugely important in terms of maintaining the network. It caters for surface restoration; pavement overlay works, or inlay works (planning) and for complete road rehabilitation works as well as for drainage works where required.

### Restoration Maintenance Programme (RM) (Surface Dressing)

The Restoration Maintenance (RM) Programme continues to be an important programme aimed at protecting road surfaces. An overall amount of **€2,844,000** has been provided under the 2025 Restoration Maintenance Programme.

This is mainly the surface dressing programme, and it is important in terms of sealing the road surface (thus preventing the ingress of water) and in maintaining adequate skid resistance.

Also, given continuing constraints in relation to current funding for the RM programme, the provision of a Supplementary Restoration Maintenance (SRM) Grant using capital funding is being continued in 2025. An overall amount of **€2,488,500** has been provided under the 2025 Supplementary Restoration Maintenance.

## Clár Bóithre - Roads Programme 2025

since 2015. The allocation will be divided across the Municipal Districts based on the normal division per KM of road length.

Based on the above, it is proposed to allocate up to 16% of the Discretionary Grant i.e., **€900,000** for the repair of Tertiary Roads in the County. It is allocated on a per KM of local roads basis, per Municipal District, this will allow for increased lengths of roads to be repaired. The schedule of Tertiary Roads to be repaired is detailed in [Summary by Municipal District](#).

### Contingency Fund

The Department of Transport has advised that a contingency provision should be reserved to deal with damage caused by severe weather conditions, including flooding. In 2025, it is proposed to set aside an allocation of **€240,000** of the Discretionary Grant for such emergencies in 2025. This funding also supports the Winter Maintenance Programme.

### Pavement Condition Survey Index (PCSI)

Pavement asset management is a key component of future Regional and Local Road maintenance. The achievement of successful asset management will depend on the measurement, collection and analysis of data relating to the condition of the public road asset throughout the country.

As part of the data collection exercise each Local Authority is required to monitor and quantify the condition of the public road network within its functional area through the regular measurement and recording of the Pavement Surface Condition Index (PSCI).

An allocation of €52,000 has been designated for conducting visual surveys on the condition of non-national roads. Additionally, it is proposed to allocate another €61,500 from the Discretionary Grant, bringing the total budget for the PCSI survey in 2025 to €113,500.

## Clár Bóithre - Roads Programme 2025

### Management of Invasive Species

Galway County Council has an advisory and recording responsibility in relation to invasive species identified in the County. It is intended to allocate **€20,000** towards the recording and management of invasive species on Regional and Local Roads.

### Bridge Rehabilitation & Repairs

The total allocation on Non-National Road Bridges is **€1,168,500**. The allocation is part funded by a direct grant of **€773,500** for bridges specifically listed as part of the Department of Transport allocation for Non-National Roads and by the apportionment of **€395,000** from the Non-National Roads Discretionary Grant from DOT.

The bridge programme is based on a priority basis and is not proportionate to Municipal Districts.
