### Restoration Improvement (RI) - 2021 Allocation

The selection of projects for the road improvement works is made based on overall needs and priorities. Consideration is also given to the level of usage, category of vehicles served and the extent of deterioration in the road.

The total Restoration Improvement grant for 2021 amounts to € 17,847,000 which is an increase of €1,030,000 or 6% on the grant allocation of € 16,817,000 in 2020.

The distribution of the Restoration Improvement Grant is set out in the following table:

RESTORATION IMPROVEMENT (RI) GRANT			
Municipal District	Length of Road Non-National Roads KM	2020 Allocation	2021 Allocation
Athenry / Oranmore	641.55	€ 1,656,611	€ 1,758,075

Provision has been made to transfer a proportion of the Supplementary Restoration Maintenance (SRM) allocation to the Restoration Improvement (RI) grant for preparatory works for RM-surface dressing. A total of €1,008,176 has been transferred from the SRM grant to RI, thus giving an overall total of €18,855,176 for restoration improvement works.

The specific list of works to be carried out in each Municipal District, utilising the 2021 Restoration Improvement (RI) Grant, are detailed in the [Summary by Municipal District](#).

### Restoration Maintenance (RM) - 2021 Allocation

Two separate allocations have been provided for the Restoration Maintenance programme, totaling €5,119,500, which is an increase of € 285,000 or 6% on the 2020 allocation. Both the Restoration Maintenance (RM) and the Supplementary Restoration Maintenance (SRM) grants may only be used for Surface Dressing Works.

Similar to 2020, the option to transfer an amount of Supplementary Restoration Maintenance (SRM) to Restoration Improvements (RI) is being allowed in 2021. Three municipal districts availed of this option.

## Clár Bóithre / Roads Programme 2021

Therefore, total allocation above to be used specifically for restoration maintenance works for 2021 is **€4,111,324**. € 1,008,176 of the supplementary restoration maintenance SRM grant has been transferred to Restoration Improvement (RI) grant works.

In accordance with the Circular RLR 2/2012, maximum unit rates of €5.50/m<sup>2</sup> for Regional Roads and €4.50/m<sup>2</sup> for Local Roads have been applied by the Department of Transport Tourism and Sport to the area of work proposed for surface dressing. Failure to comply with these rates may result in the 'cost difference' being reallocated to others by DTTS.

### Regional Roads and Local Roads General Maintenance

The allocation for Regional Roads General Maintenance for 2021 is set at **€ 1,681,760** which is a decrease of € 47,752 on the level allocated in 2020. The Local Roads General Maintenance allocation has also been decreased by € 56,056 to **€ 1,974,240**. The decrease in the Regional & Local Road provision is due to the commitment to Elected Members to make provision of funding for footpaths. For 2021, €150,000 has been set aside for the Footpath works, split evenly between the 5 Municipal Districts.

## Clár Bóithre / Roads Programme 2021

Breakdown for DG-Regional Road General Maintenance and Local Road General Maintenance per Municipal District is set out in the table below.

### *Bridges (Repairs)*

There is a specific grant allocated for Bridge Rehabilitation of **€620,000**, toward 9 specified bridges. It is proposed to allocate an additional amount of **€ 395,000** from the Discretionary Grant towards the repair of bridges on Regional and Local Roads as detailed under [Bridge Rehabilitation & Repairs](#). The overall allocation toward repairs of Non-National Road Bridges for 2021 is € 1,015,000.

### *Winter Maintenance*

The Discretionary Grant allocation includes an allocation towards Winter Maintenance works. It is proposed to allocate **€ 265,000** towards Winter Maintenance on Non-National Roads in 2021, which was also the amount allocated in each of the years 2015-2020.

### *Tertiary Roads*

It is recommended that there should be ongoing investment from the Discretionary Grant specifically to the Local Tertiary Roads which have inhabited houses on them, as has been the case since 2015. The allocation will be divided across the Municipal Districts based on the normal division per KM of road length.

Based on the above, it is proposed to allocate 16% of the Discretionary Grant i.e. **€ 900,000** for the repair of Tertiary Roads in the County. It is allocated on a per KM of local roads basis, per Municipal District, which in addition to the increase in Restoration Maintenance funding, will allow for increased lengths of roads to be repaired. The schedule of Tertiary Roads to be repaired is detailed in [Summary by Municipal District](#).

### *Contingency Fund*

The Department of Transport, Tourism and Sport has advised that a contingency provision should be reserved to deal with damage caused by severe weather conditions, including flooding. The DTTS has highlighted that it is not setting aside contingency monies to address possible severe weather events. It is proposed to set aside an allocation of **€ 240,000** of the Discretionary Grant for such emergencies in 2021 which is the same allocation as 2020. This allocation is deemed necessary due to the increasing occurrence of storm events in recent years.

### *Pavement Condition Survey Index (PCSI)*

There is a requirement to record the condition rating of roads pre and post works i.e. all roads must have a condition rating attached for the purposes of identifying those that require funding for improvement and maintenance works.

A specific allocation to conduct visual surveys on the condition of non-national roads in the amount of €52,000 has been allocated. It is proposed to set aside a further € 45,000 from the Discretionary Grant for same, giving a total budget for 2020 for PCSI survey of **€ 97,000**.

### *Management of Invasive Species*

Galway County Council has an advisory and recording responsibility in relation to invasive species identified in the County. It is intended to allocate **€20,000** towards the recording and management of invasive species on Regional and Local Roads.

### Bridge Rehabilitation & Repairs

The total allocation on Non-National Road Bridges is € 1,015,000, which is an 10% increase on the 2020 allocation. The allocation is part funded by a direct grant of €620,000 for bridges specifically listed as part of the Department of Transport, Tourism and Sport allocation for Non-National Roads and by the apportionment of €395,000 from the Non-National Roads Discretionary Grant from DTTS.

The bridge programme is based on need for repair and is not proportionate to Municipal Districts.
